TO

MR. J. H. CREIGHTON,

IN RECOGNITION OF A CONSTANT  
FRIENDSHIP.

## INTRODUCTION.

One of the aims of physical training is to make exercise interesting and enjoyable. To be beneficial in the highest sense it must be recreative. Particularly is this true of physical exercise for business men. As a class, in their daily work they are kept on a constant mental strain. Besides they are to a large degree physically inactive. Life becomes too intense, too serious, too sordid. Exercise, therefore, for business men must be largely recreative, relaxing and restful.

Again, in physical work for business men, the large muscle groups must be called into activity rather than the finer muscle adjustments. This demands less mental application and produces the best hygienic and physiological results.

A third requisite in exercise for business men is that it must be given in concentrated and tabloid form. Exercises must be selected so that in a very short space of time the entire body is made active and all the important muscle groups are called into activity.

The medicine ball can be used in such a way as to meet all these conditions. Its use, in addition, is social, as it requires several persons to use it. It is recreative. Most

of the movements are play movements. Throwing a ball is an act common to most games, and in addition many interesting games can be played with the medicine ball. It is truly well named, for "a merry heart doeth good like a medicine," and the use of the medicine ball surely maketh merry.

Its use is also hygienic. Many body bending and twisting exercises are indulged in when using the medicine ball. It calls into activity the large muscles of the abdomen and back and stimulates respiration and circulation. The exercises are vigorous and yet without undue strain and thus in a very short space of time splendid stimulating effects can be secured.

Play, sport, exercise will do much to keep the mind clear, the figure young, the step elastic. There is no single apparatus in the gymnasium that is so completely adapted to meet the needs of business men as the "Medicine Ball." Its intelligent use will keep the eye alert, and the body vigorous.

Such a compilation of exercises as Mr. Cromie presents in this volume will be received with appreciation.

GEORGE J. FISHER, M.D.,

*Secretary International Committee Young Men's  
Christian Association (Physical Department).*

### EXPLANATION.

This booklet is by no means intended to be a technical treatise, but is simply an endeavor to present in a plain and practical way exercises with the "Medicine Ball," which are suited for boys and girls, business and professional men, in and out of gymnasiums; movements which are easy of comprehension and conducive to health and strength.

The writer has noticed that in many gymnasiums the "Medicine Ball" is used more as an ornament than an instrument of work. This should not be the case, as it is one of the most useful as well as recreative acquisitions that we have in our gymnasiums. Bending from side to side, or pulling a chest weight a certain number of times, tends toward the mechanical, and becomes monotonous, while the innumerable movements that can be indulged in with the "Medicine Ball" are both pleasing and beneficial. Mr. R. J. Roberts, the pioneer of physical work in this country, has well named it the "Medicine Ball,"

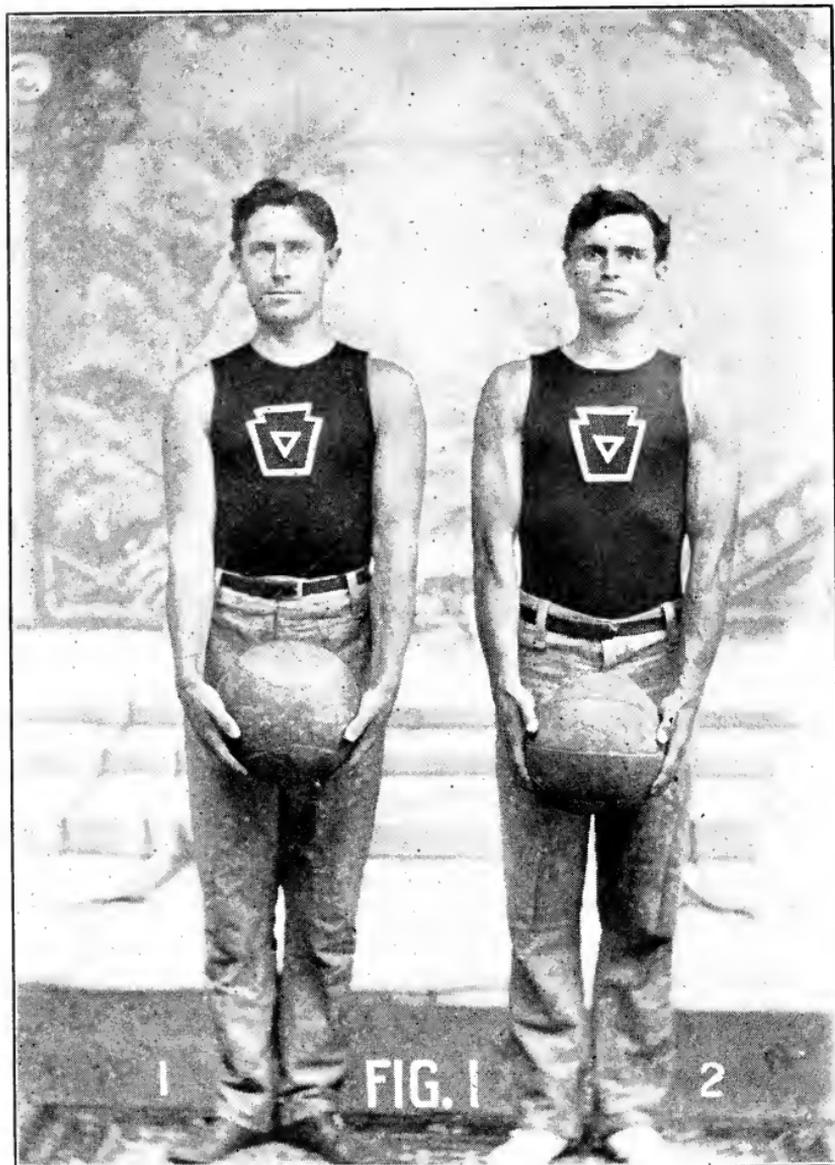

as it does in many cases all that medicine is expected to accomplish, eliminating its disastrous after effects. (Lengthy explanation and technical nomenclature have been avoided in this booklet and illustrations used to take their place.)

The Sultan once consulted his physician in regard to a troublesome malady. Believing that only fresh air and exercise were needed, and knowing how little the world values plain, simple things, the doctor said: "Here is a ball which I have stuffed with rare and precious herbs. Your Highness must beat this ball with a bat and toss it in every conceivable way each day till you perspire freely." The Sultan followed these directions, and was cured of his disease without realizing that he was only taking exercise. Probably the "Medicine Ball" would be more used if we, like the Sultan, were deceived; but of a certainty our diseases in the main will, like his, be eradicated from our system if we indulge in daily exercise.

The make up of the muscular, circulatory and nervous systems of man prove that he needs much systematic body building exercises. Our forefathers received adequate exercise by clearing the forest and tilling the soil, and if we in our "artificial occupations" cannot receive sufficient

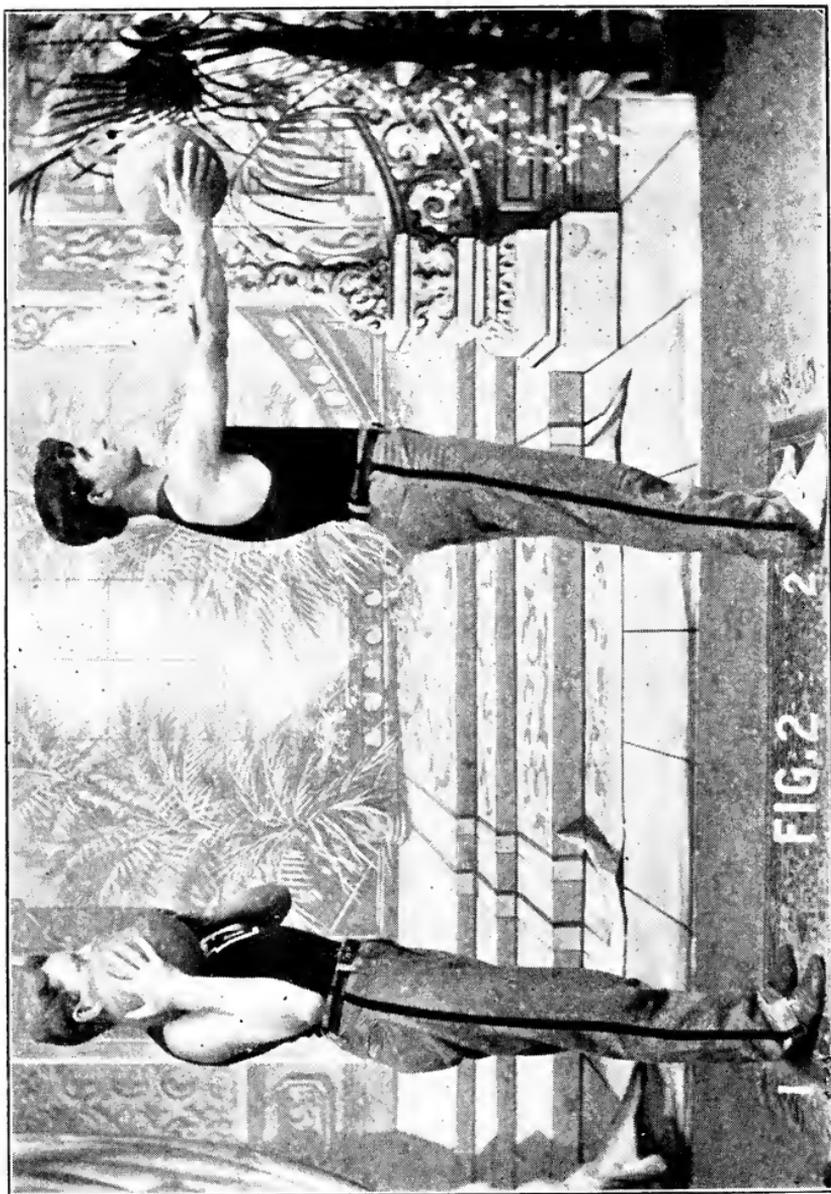

work to satisfy our muscular needs, then the gymnasium and athletic field *must* be used. "Nature knows no pause," said Goethe, "and attaches a curse upon all inaction." Exercise is one of Nature's eternal laws. The poor man works and thus acquires an appetite while the rich man must exercise to create one. In the animal kingdom we observe the swimming of the fish, the flying of the bird and the playfulness of the kitten. Why then should man, king of all these, be inactive? Chain a dog and he becomes cross; stable a horse for a considerable time and when he is harnessed he will try to run away; most birds pine away and die when their native element is denied them; caged wild beasts, instinctively, walk back and forth for exercise; force a man to remain in a stuffy office day after day and he will deteriorate in health and vigor. If the "Medicine Ball," or any other device, serves as an incentive for exercise, let us use it and become erect, broad shouldered and deep-chested men and women.

W. J. CROMIE

**FIGURE NO. 1.**

The correct position is: chest thrown out strong, stomach drawn in, chin in, back hollowed, hips extended slightly. An excellent way for one to tell when he has the proper position is to stand with the back to the wall, with head, shoulders, hips and heels touching it. Another way is to keep the back of the neck always pressed against the collar. One should endeavor to maintain an erect position at all times. The following illustrations, in order to be more easily understood, show two figures: The one on the left illustrates the first part of the exercise, and the one on the right the second part. These exercises may be performed by two persons, or in gymnasium classes, if a number of balls are accessible. Children should use the light balls.

**FIGURE NO. 2.**

Bend both arms, ball against right shoulder, push ball away with force.

\* Same exercise from the left side.

*Position.*—Chest out strong, stomach drawn in, heels together and do not bend knees or step either forward or backward after throwing ball.

NOTE.—Exercises under all figures except No. 15 and part of No. 14 are performed by two persons; one throws the ball and the other catches it. On gymnasium floors two columns of men may use any number of balls; one column to throw, and the other to catch it.

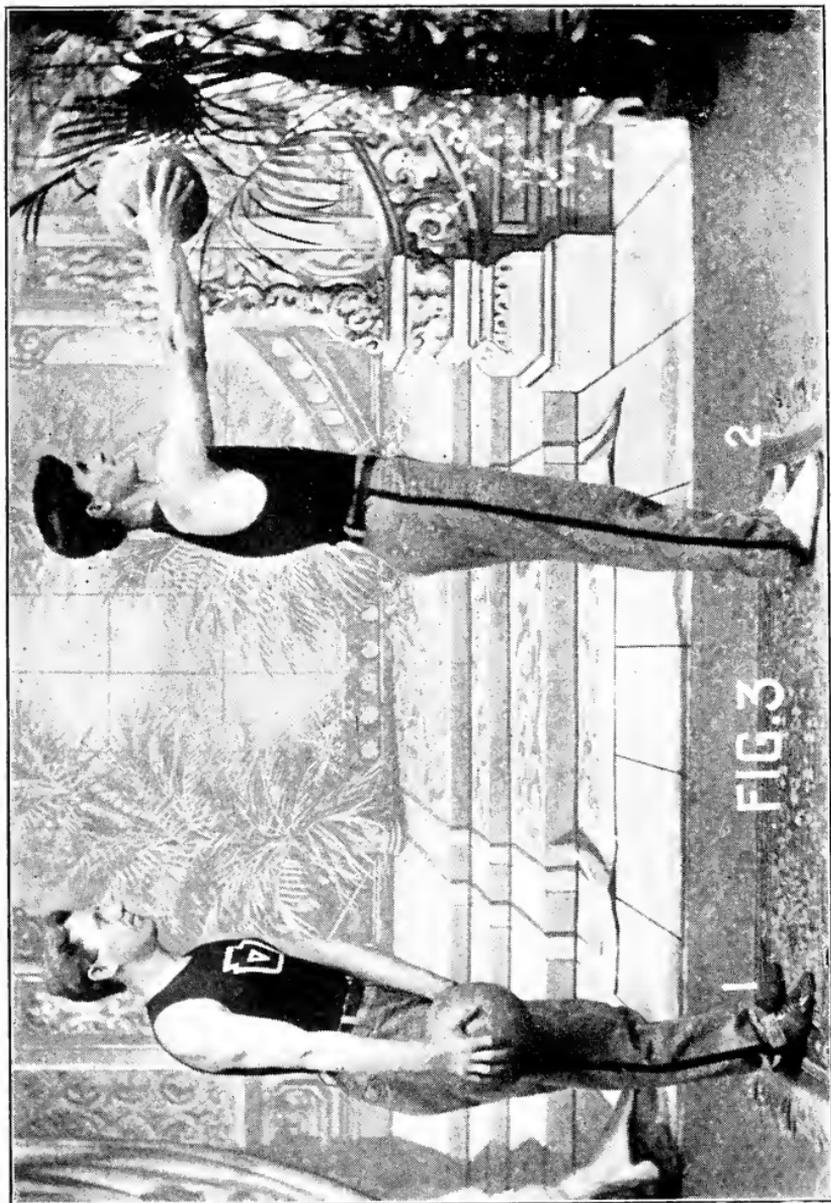

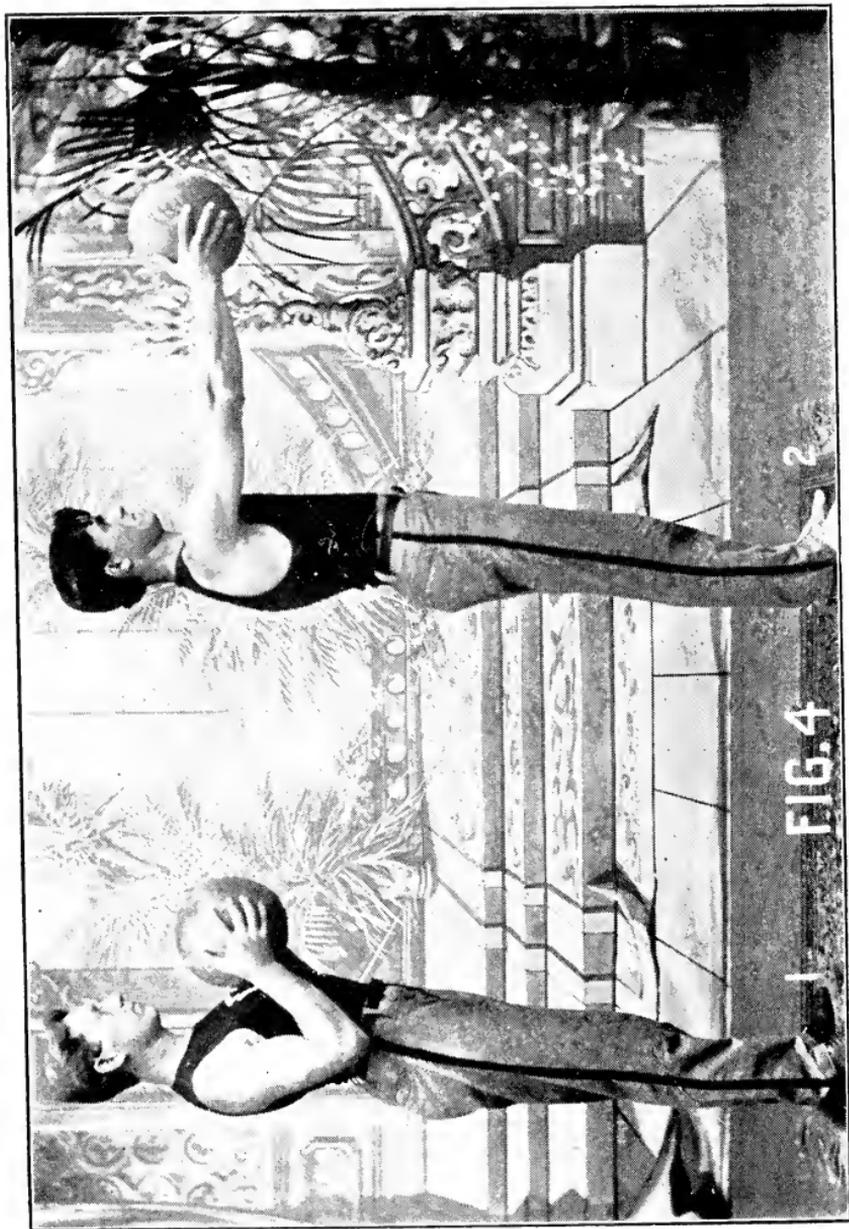

FIG. 3

**FIGURE NO. 3.**

Arms extended down at right side; pitch ball forward.  
Same exercise left side.

*Position.*—Heels together, chest out strong. Stomach  
and chin in and do not step forward after tossing  
ball.

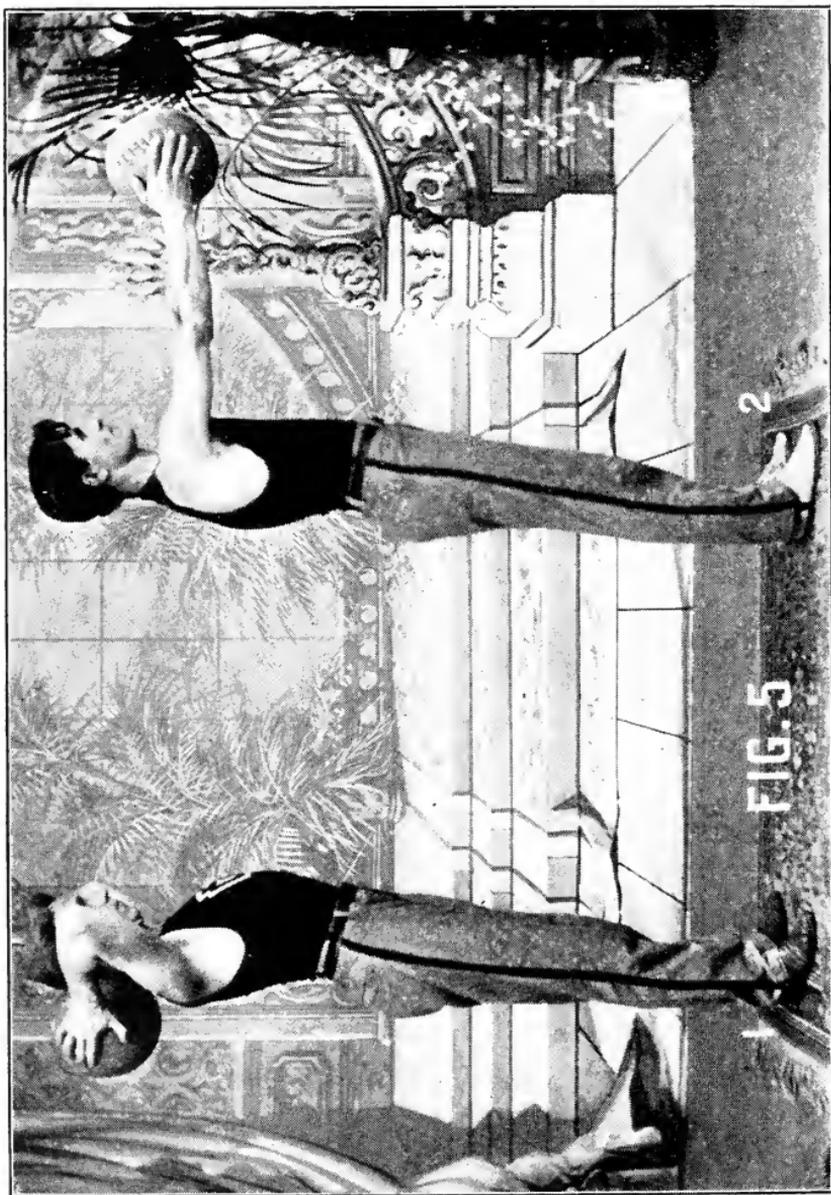

Keep the arms extended throughout the exercise.

**FIGURE NO. 4.**

Flex arms, ball on chest; throw ball by extending arms forward.

*Position.*—Do not step forward after throwing ball. Chest out strong, stomach in and chin drawn in slightly toward chest.

**FIGURE NO. 5.**

Flex arms, ball behind head; throw ball forward.

*Position.*—Body erect and hold position after throwing ball.

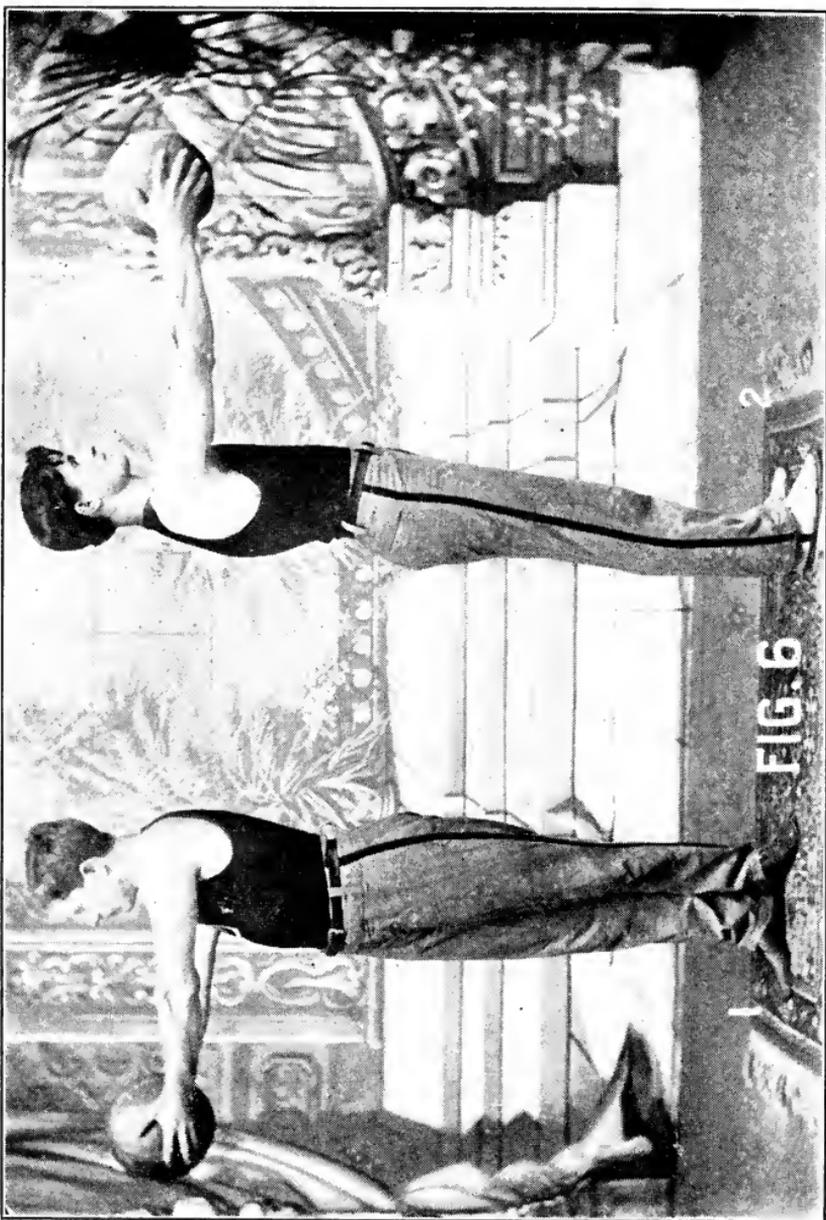

FIG. 6

**FIGURE NO. 6.**

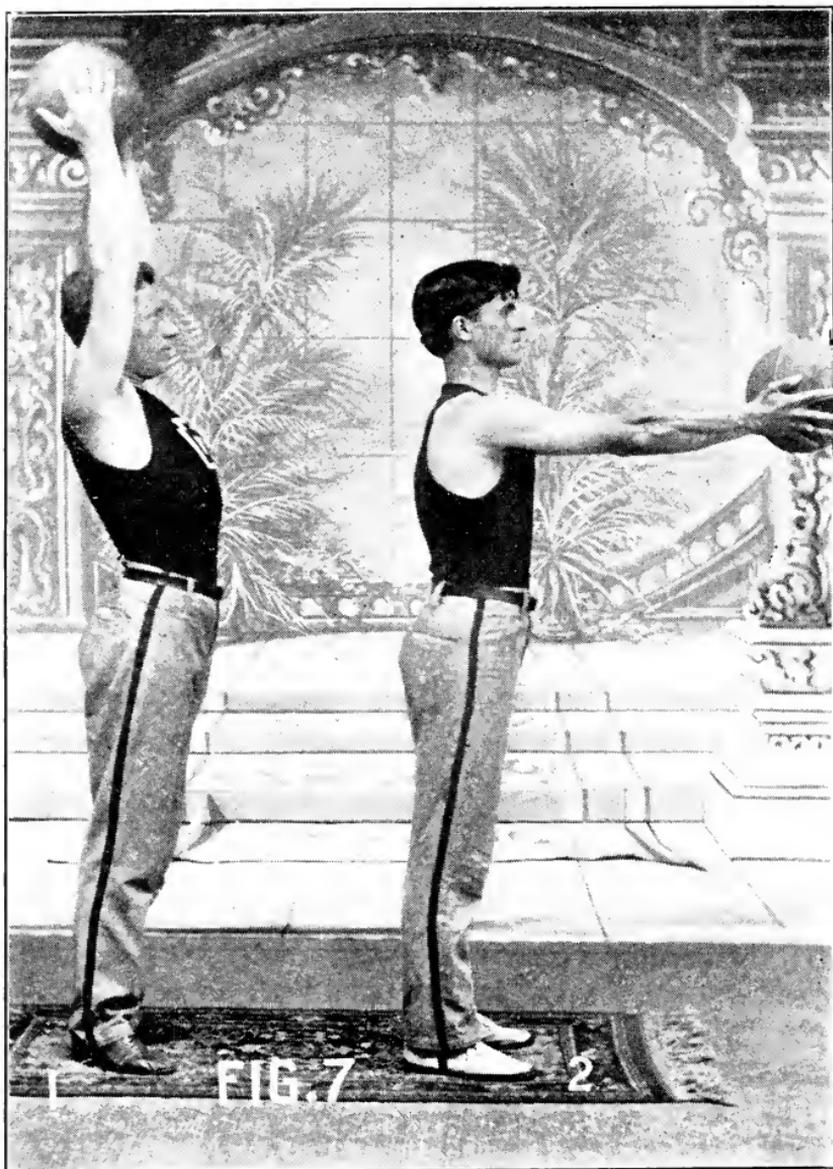

Arms extended front, rotate body to right side, and throw ball as body returns to front.

The same exercise, left side.

*Position.*—Heels together and body erect.

These may be performed in the stride-stand position (feet about 30 inches apart).

NOTE.—No. 2 of the opposite illustration should be facing front, with arms front horizontal.

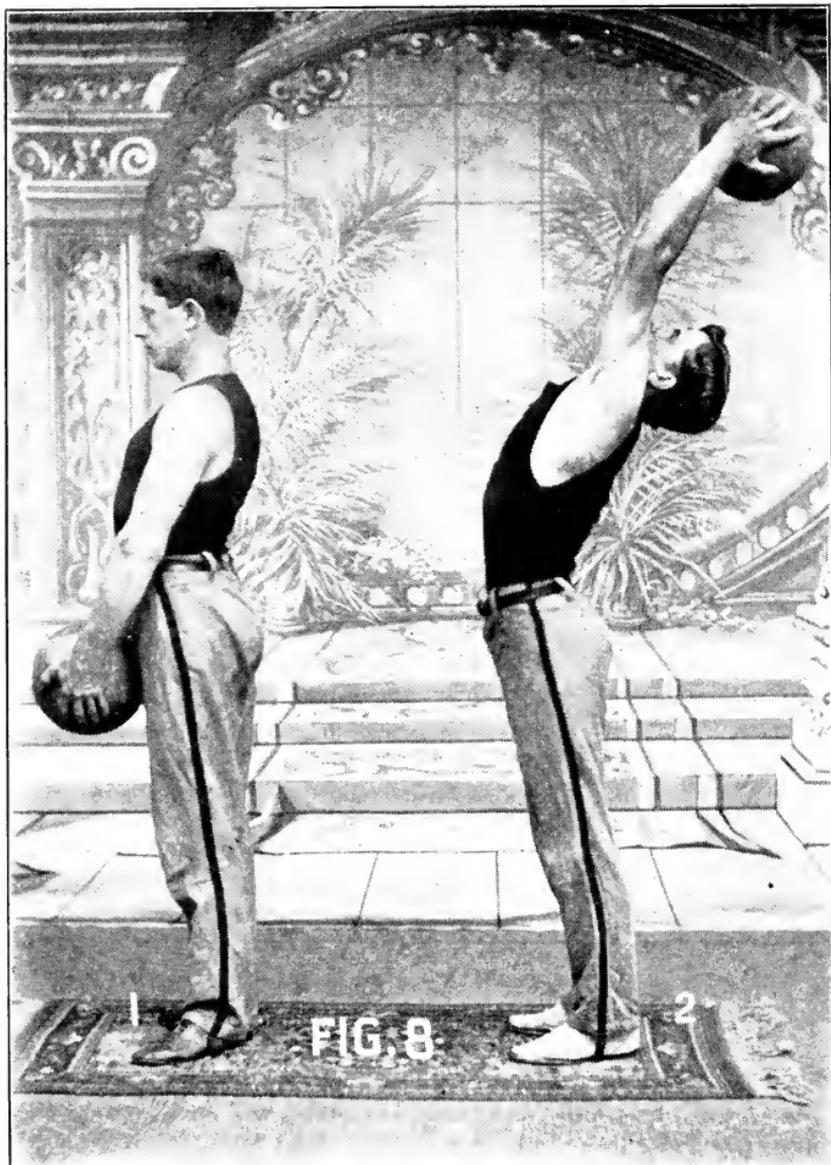

**FIGURE NO. 7.**

Arms extended vertical; throw ball forward from that position.

*Position.*—Do not bend arms or knees.

These may be performed in the walk-stand position (one foot about 30 inches in advance of the other).

**FIGURE NO. 8.**

Throw the ball to the rear, over the head.

*Position.*—Arch the back as the ball is thrown backward.

NOTE.—The exercises beginning with Fig. 9 mostly combine the first eight figures.

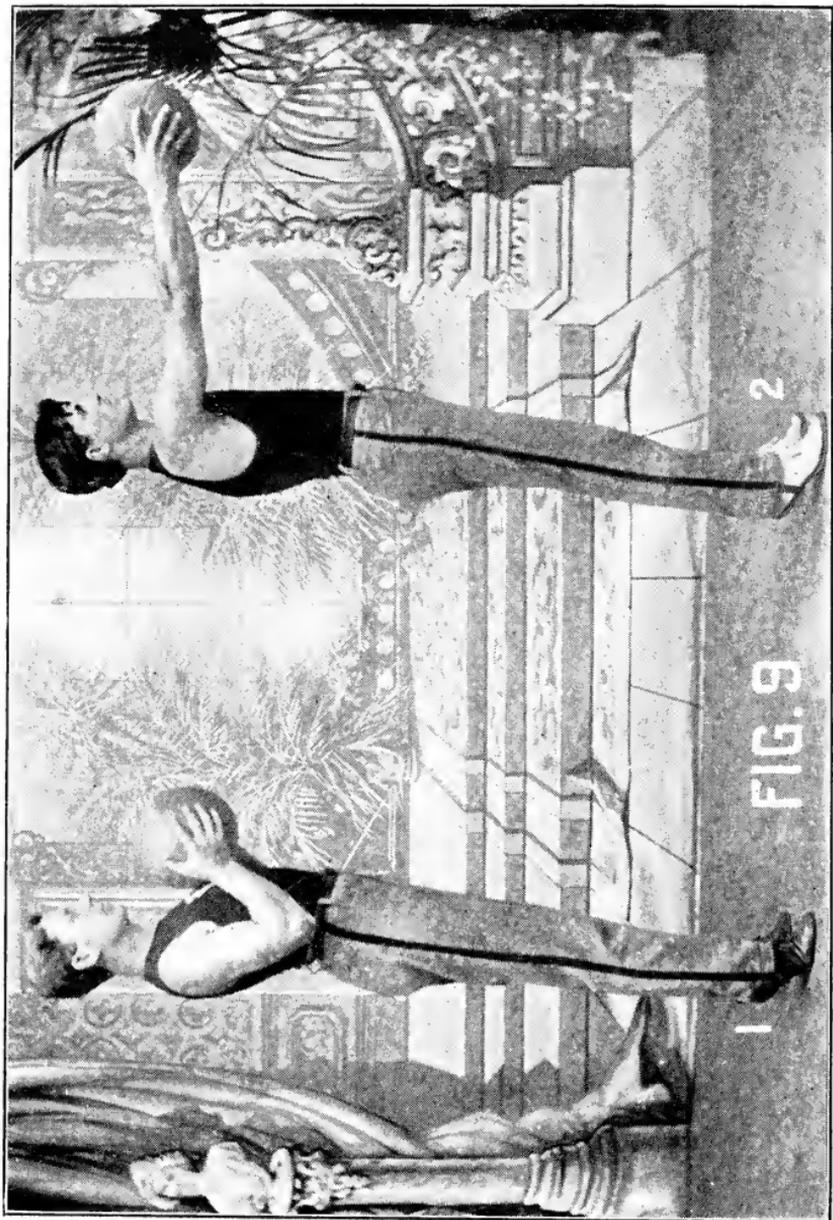

FIG. 9

2

1

**FIGURE NO. 9.**

*Rise on toes and—*

- (a) Throw ball from right shoulder. (Fig. No. 2.)  
Throw ball from left shoulder.
- (b) Arms extended down at right side, throw ball.  
(Fig. No. 3.)  
Arms extended down at left side, throw ball.
- (c) Throw ball from the chest. (Fig. No. 4.)
- (d) Throw ball from behind head. (Fig. No. 5.)
- (e) Rotate body and arms to right and throw ball.  
(Fig. No. 6.)  
Rotate body and arms to left and throw ball.
- (f) Throw ball from arms extended vertical. (Fig.  
No. 7.) (Do not bend arms.)
- (g) Throw the ball to the rear over the head. (Fig.  
No. 8.)

*Position.*—Up on toes as high as possible, and hold that position till after the ball is thrown.

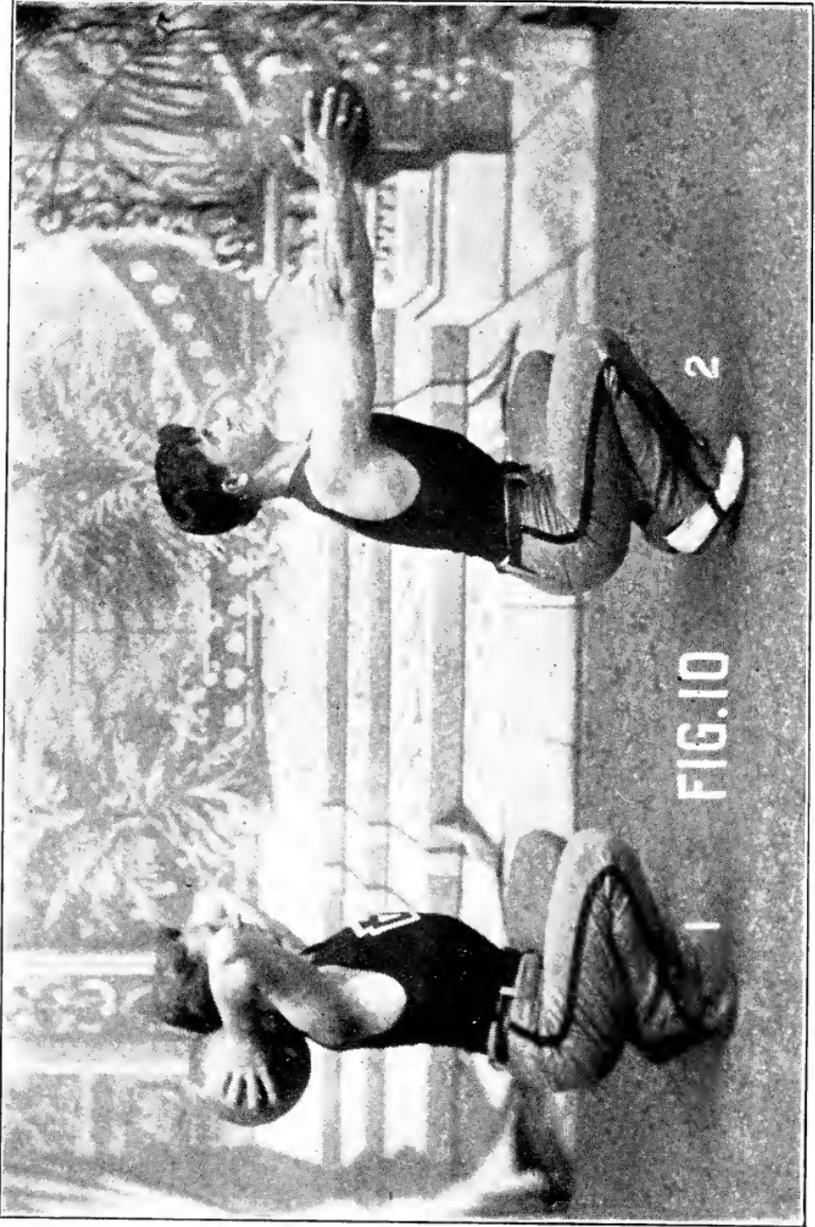

FIG. 10

2

**FIGURE NO. 10.**

*Full squat and—*

(a) Throw ball from right shoulder. (Fig. No. 2.)

Throw ball from left shoulder.

(b) Arms extended down at right side, throw ball.

(Fig. 3.)

Arms extended down at left side and throw ball.

(c) Throw ball from the chest. (Fig. No. 4.)

(d) Throw ball from behind head. (Fig. No. 5.)

(e) Rotate body and arms and throw ball right.

(Fig. No. 6.)

Rotate body and arms and throw ball left.

(f) Throw ball from arms extended vertical. (Fig.

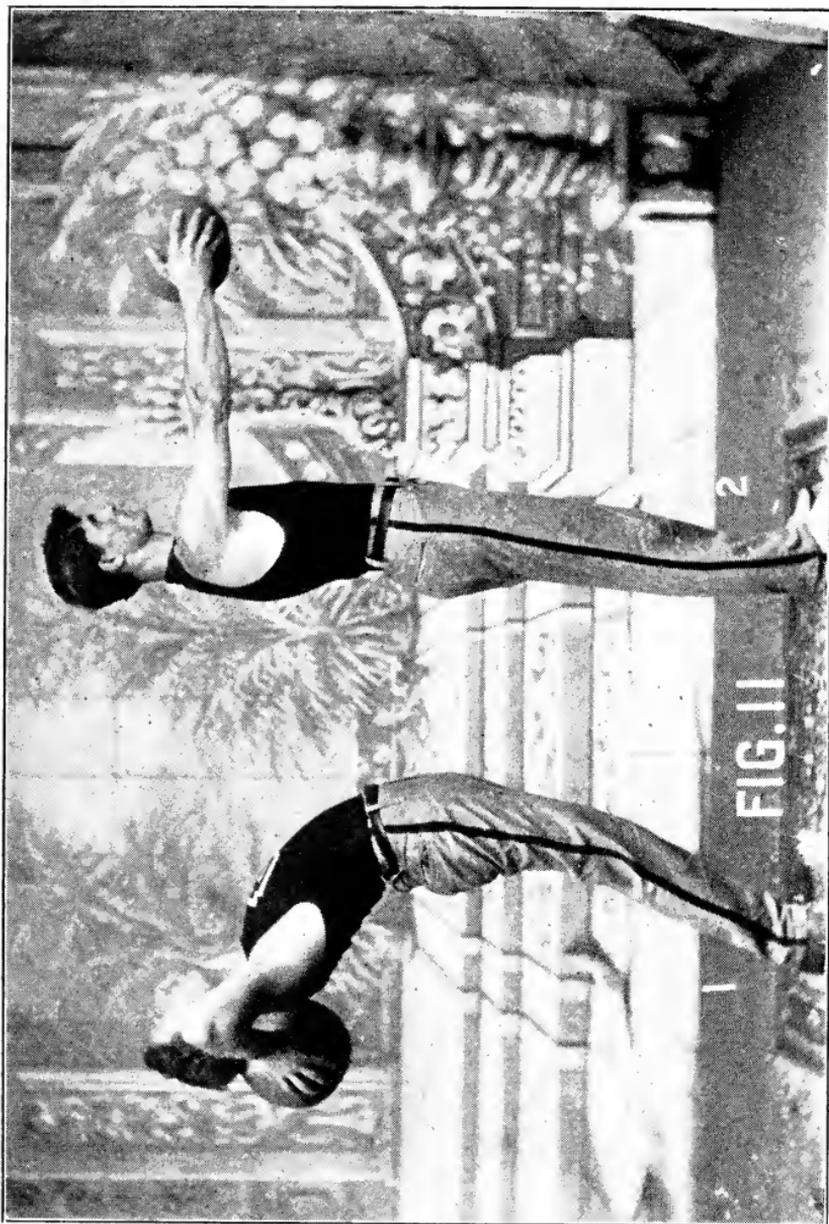

No. 7.) (Do not bend arms.)

(g) Throw the ball to the rear over the head. (Fig.

No. 8.)

*Position.*—Throw the ball while in the squat-rest position.

These exercises are designed in the main for two persons, for instance: Two persons face each other, one in the normal position and the other in the squat-rest. The one in the squat-rest throws the ball while in that position and then assumes the normal, etc.

2

FIG. 11

1

**FIGURE NO. 11.**

*Arch back and—*

(a) Throw ball from right shoulder. (Fig. No. 2.)

Throw ball from left shoulder.

(b) Arms extended down at right side and throw ball. (Fig. No. 3.)

Arms extended down at left side and throw ball.

(c) Throw ball from the chest. (Fig. 4.)

(d) Throw ball from behind head. (Fig. No. 5.)

(e) Rotate body and throw ball to the right. (Fig. No. 6.)

Rotate body and throw ball to the left.

*Position.*—Arch the back to its fullest extent before throwing ball. Raise on toes, also, while in the arch-flexion position.

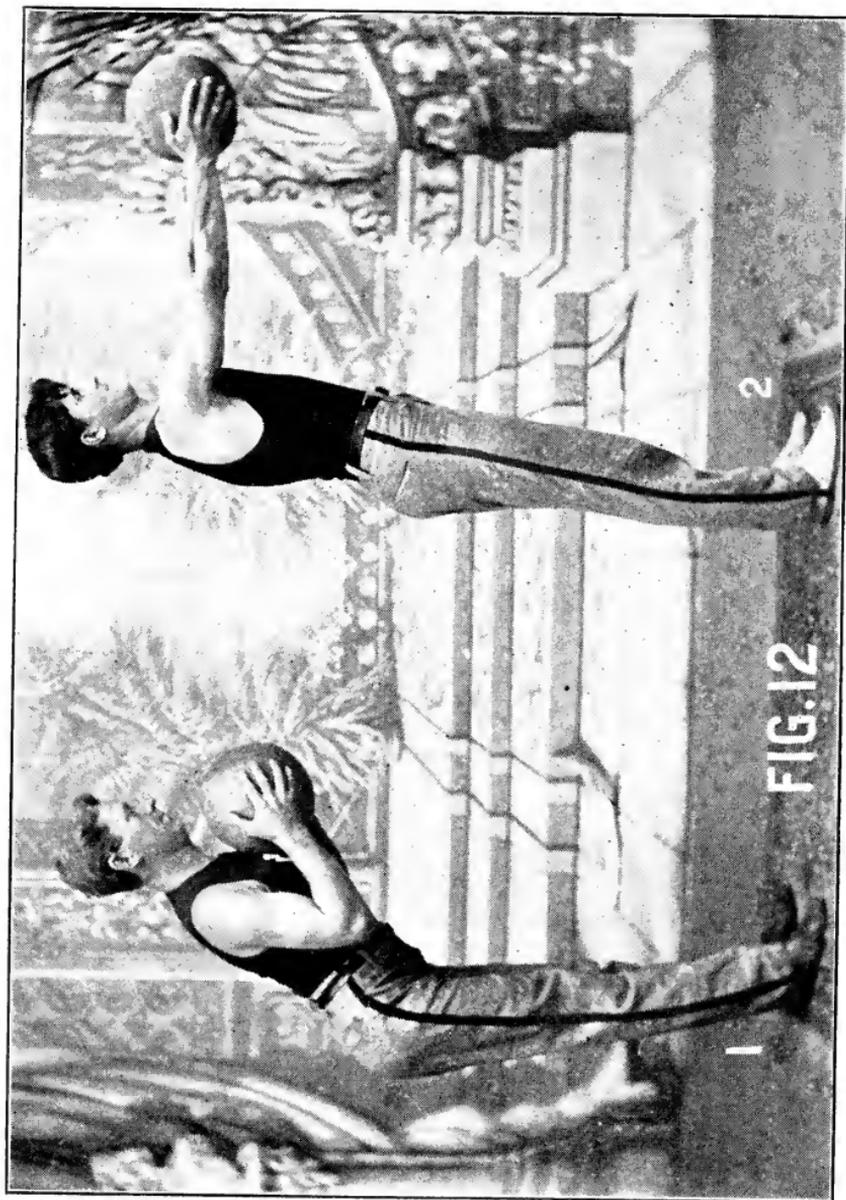

FIG.12

**FIGURE NO. 12.**

*Stoop, stand, and—*

(a) Throw ball from right shoulder. (Fig. No. 2.)

(b) Arms extended down at right side and throw ball. (Fig. No. 3.)

Arms extended down at left side and throw ball.

(c) Throw ball from the chest. (Fig. No. 4.)

(d) Throw ball from behind head. (Fig. No. 5.)

(e) Rotate body and arms to right side and throw ball to left. (Fig. No. 6.)

Rotate body and arms to left side and throw ball to right.

(f) Throw ball from arms extended vertical. (Fig. No. 7.)

(g) Throw ball to the rear, over the head. (Fig. No. 8.)

*Position.*—Chest out strong, stomach in, back hollowed, chin in and hips extended.

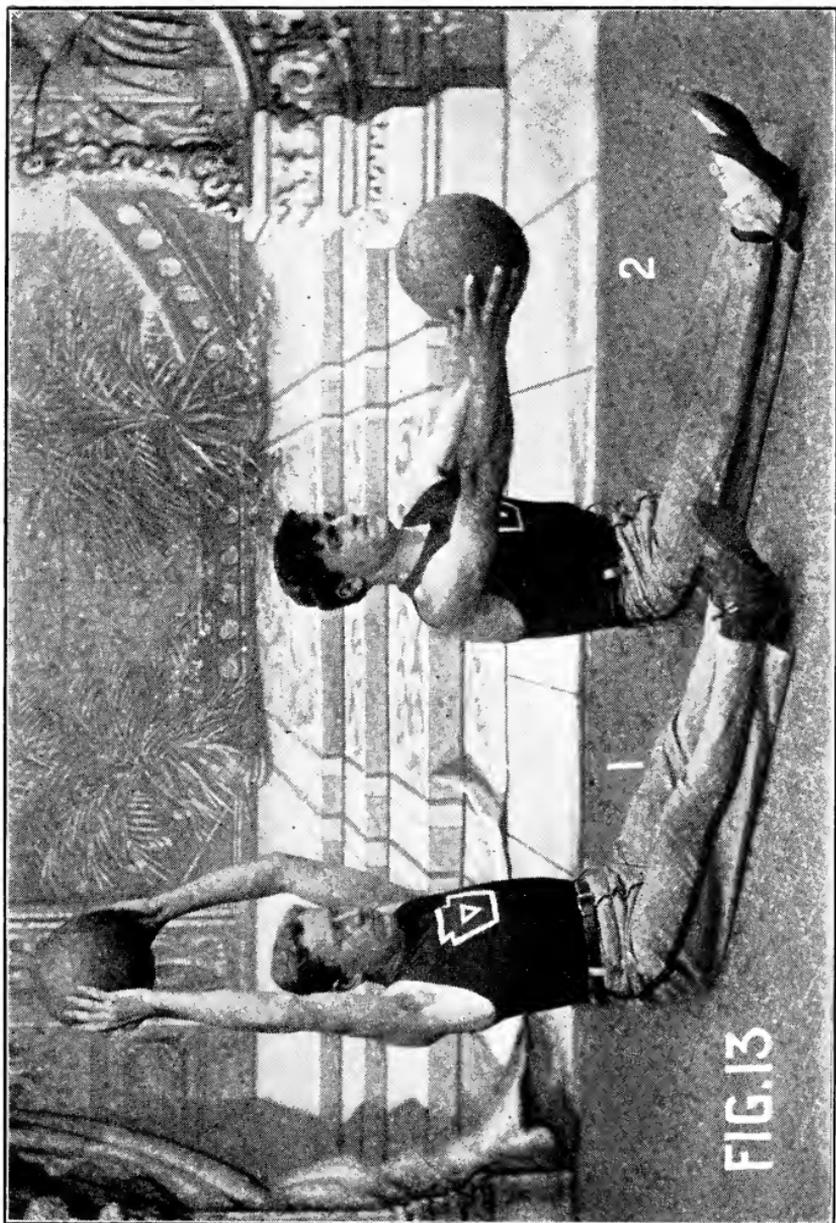

FIG.13

**FIGURE NO. 13.**

*Sit on the floor and—*

- (a) Throw ball from right shoulder. (Fig. No. 2.)  
Throw ball from left shoulder.
- (b) Arms extended down at right side and throw ball. (Fig. No. 3.)  
Arms extended down at left side and throw ball.
- (c) Throw ball from the chest. (Fig. No. 4.)
- (d) Throw ball from behind the head. (Fig. No. 5.)
- (e) Throw ball to the rear, over the head. (Fig. No. 6.)
- (f) Touch toes with the ball; throw to rear, over head.

*Position.*—Sit up erect; do not lean forward. If the exercise is too difficult with feet together, spread them apart.

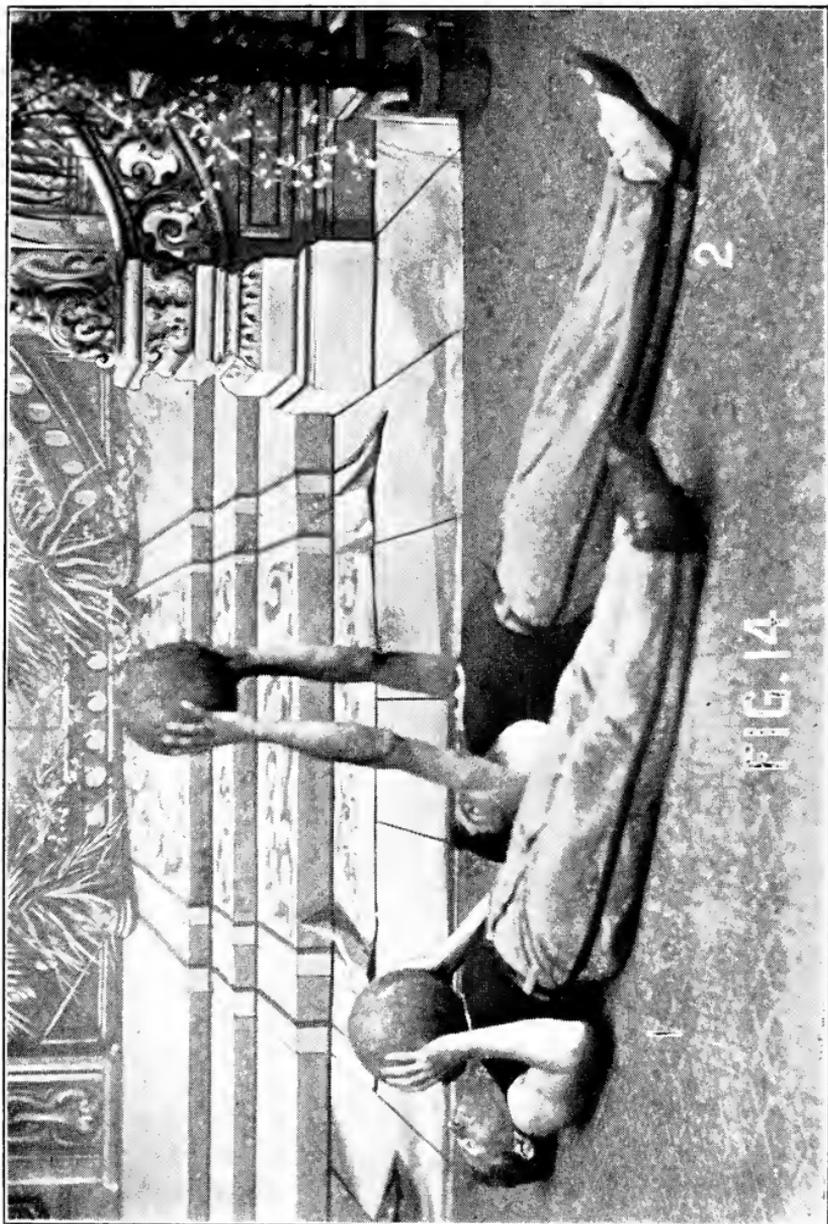

FIG. 14

**FIGURE NO. 14.**

*Lie on back and—*

- (a) Throw ball from right shoulder. (Fig. No. 2.)  
Throw ball from left shoulder.
- (b) Arms extended down at side and throw ball right. (Fig. No. 3.)  
Arms extended down at left side and throw ball.
- (c) Throw ball from chest. (Fig. No. 4.)
- (d) Throw ball from behind head. (Fig. No. 5.)
- (e) Arms vertical; throw ball. (Fig. 7.)
- (f) Hold ball, arms extended on floor; raise legs ten to twenty times (knees straight).
- (g) Hold ball between the feet and raise the body to a sitting position ten to twenty times. (If troubled with hernia do not attempt this exercise.)
- (h) (Place the feet under something.) Arms extended, raise body to sitting position, holding the arms vertical.
- (i) The same exercise as above, and throw the ball forward when sitting position is reached.

*Position.*—Keep the legs straight.

If troubled with hernia do not attempt the last three exercises.

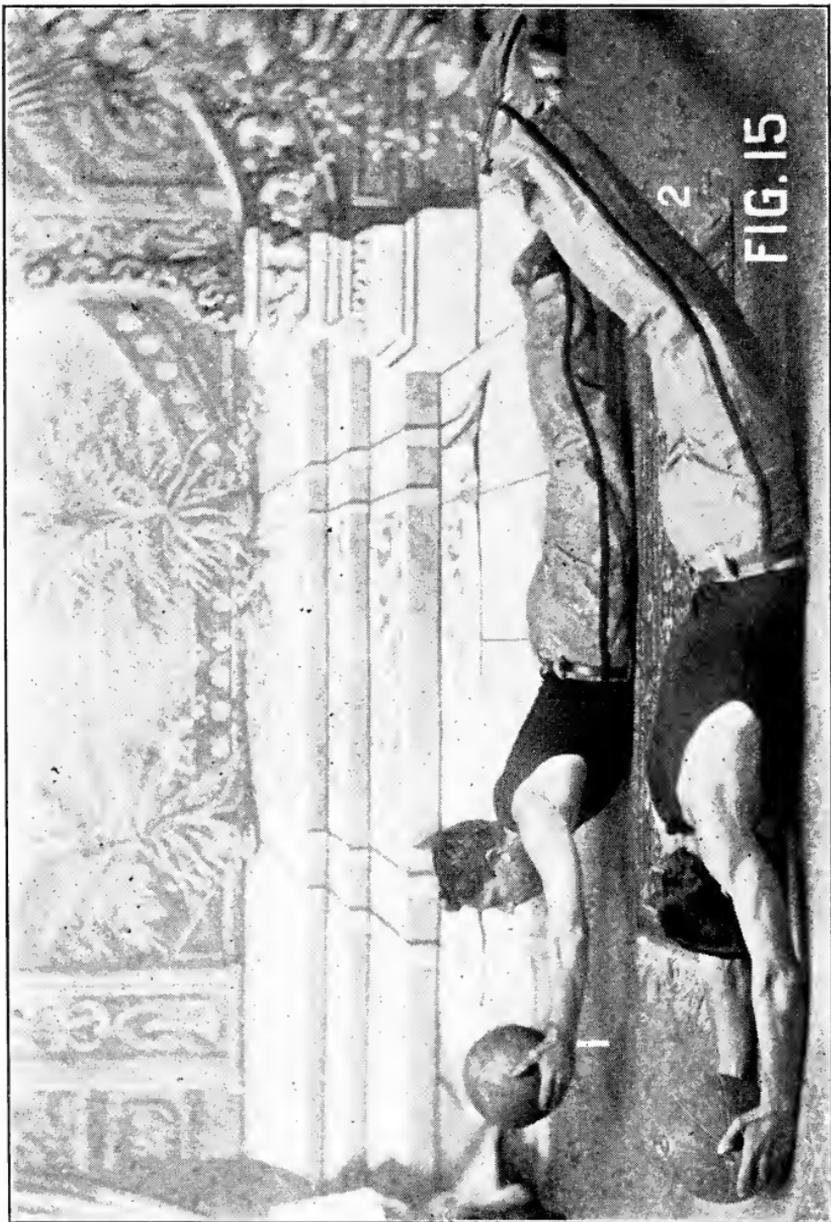

FIG. 15

**FIGURE NO. 15.**

*Lie on stomach and—*

- (a) Raise both legs. (Fig. 15, No. 2.)
- (b) Raise the ball.
- (c) Raise ball and legs together. (Fig. 15, No. 1.)
- (d) Raise ball and legs together; hold this position  
and stretch for about five or six seconds.

These exercises are for one person.

*Position.*—Raise arms and legs as high as possible; lie on the stomach and throw the ball to the rear, over the head.

FIG. 16

**FIGURE NO. 16.**

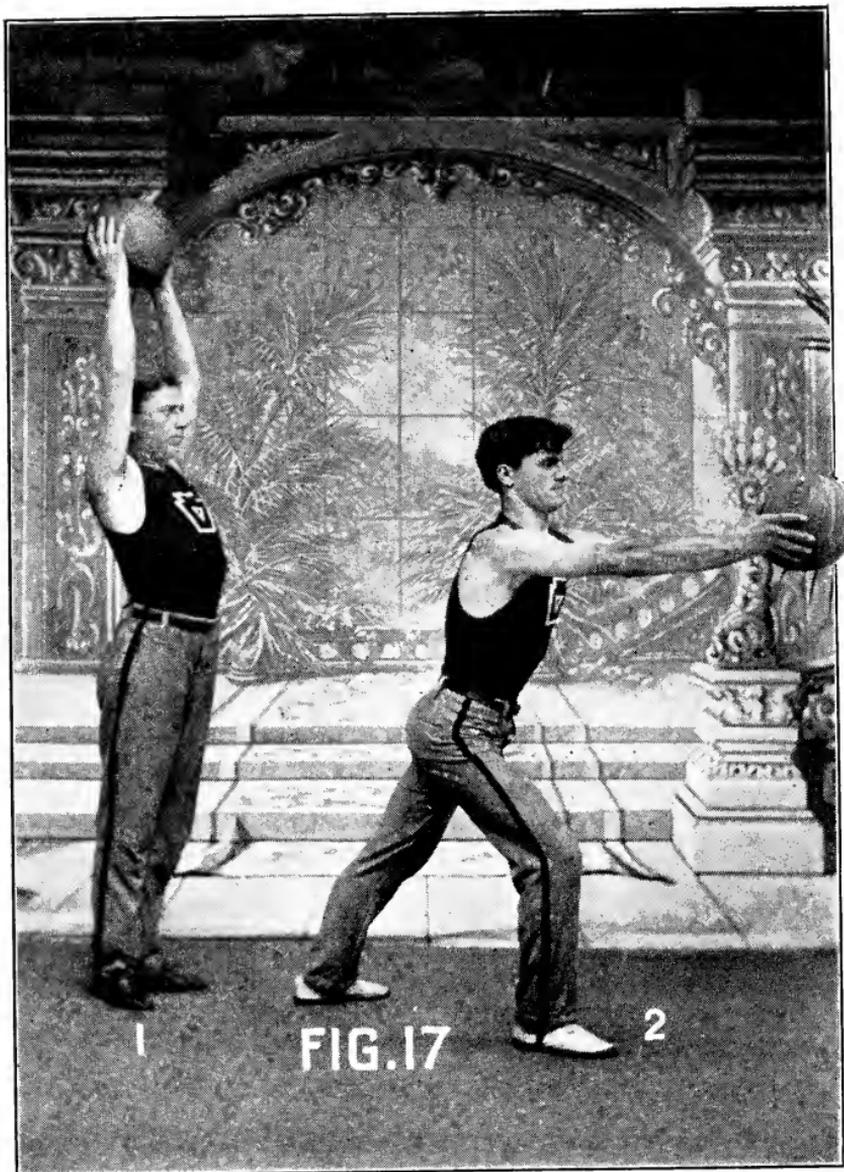

*Throw ball backward between legs—*

- (a) From chest, throw ball backward between legs.
- (b) From behind head, throw ball backward between legs.
- (c) From arms vertical, throw ball backward between legs.

*Position.*—Throw the ball forcibly and straighten the body after each throw. Throw the ball as high in the air as possible.

*From No. 2 position in the illustration—*

- (a) Assume the normal position and throw ball front.
- (b) Assume the normal position and throw ball to the right as the body rotates; same left.
- (c) From No. 2 position, arch the back and throw the ball to the rear.

1

FIG. 17

2

**FIGURE NO. 17.***Charge Forward—*

- (a) Charge forward on right foot and throw ball forward from chest.

Charge forward on left foot and throw ball forward from chest.

- (b) Arms down at right side; charge on right foot and throw ball.

Arms down at left side; charge on left foot and throw ball.

- (c) Charge on right foot and throw ball from behind head.

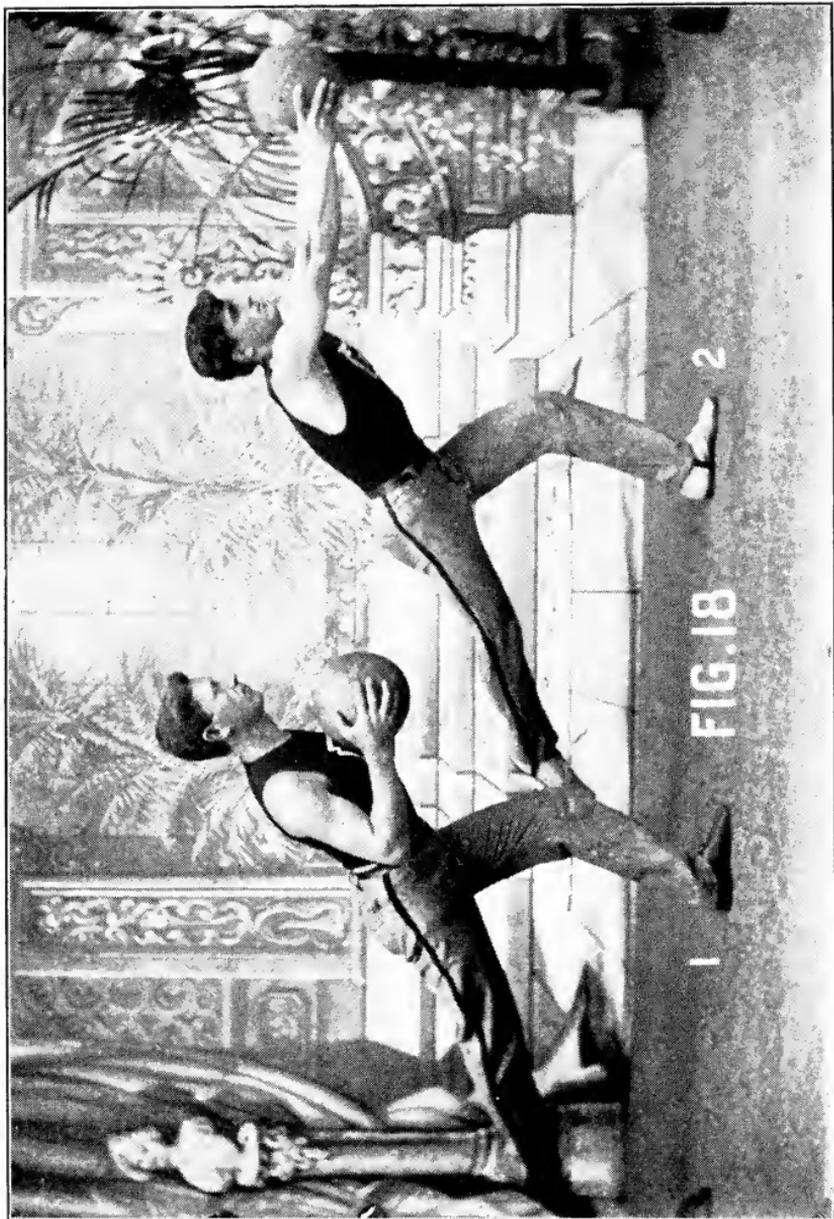

Charge on left foot and throw ball from behind head.

- (d) Charge on right foot and throw ball from arms extended vertical.

Charge on left foot and throw ball from arms extended vertical.

*Position.*—Flex the leg on which you charge; keep the other straight; feet firmly on floor.

The above exercises can be performed at the side, rear, right and left front oblique, and right and left rear oblique.

2

FIG. 18

1

**FIGURE NO. 18.**

*Legs extended to rear, flex other knee a little and—*

(a) Right leg extended to rear and throw ball from right shoulder.

Left leg extended to rear and throw ball from left shoulder.

(b) Right leg extended to rear, throw ball from chest.

Left leg extended to rear, throw ball from chest.

(c) Right leg extended to rear; arms down at right side, throw ball.

Left leg extended to rear; arms down at left side, throw ball.

(d) Right leg extended to rear, throw ball from behind head.

Left leg extended to rear, throw ball from behind head.

*Position.*—After the ball leaves the hands, come to the normal position.

These exercises can be performed with the legs extended, side and front.

**FIGURE NO. 19.**

*Throw ball vertical.*

(a) Throw ball vertical from chest; look up.

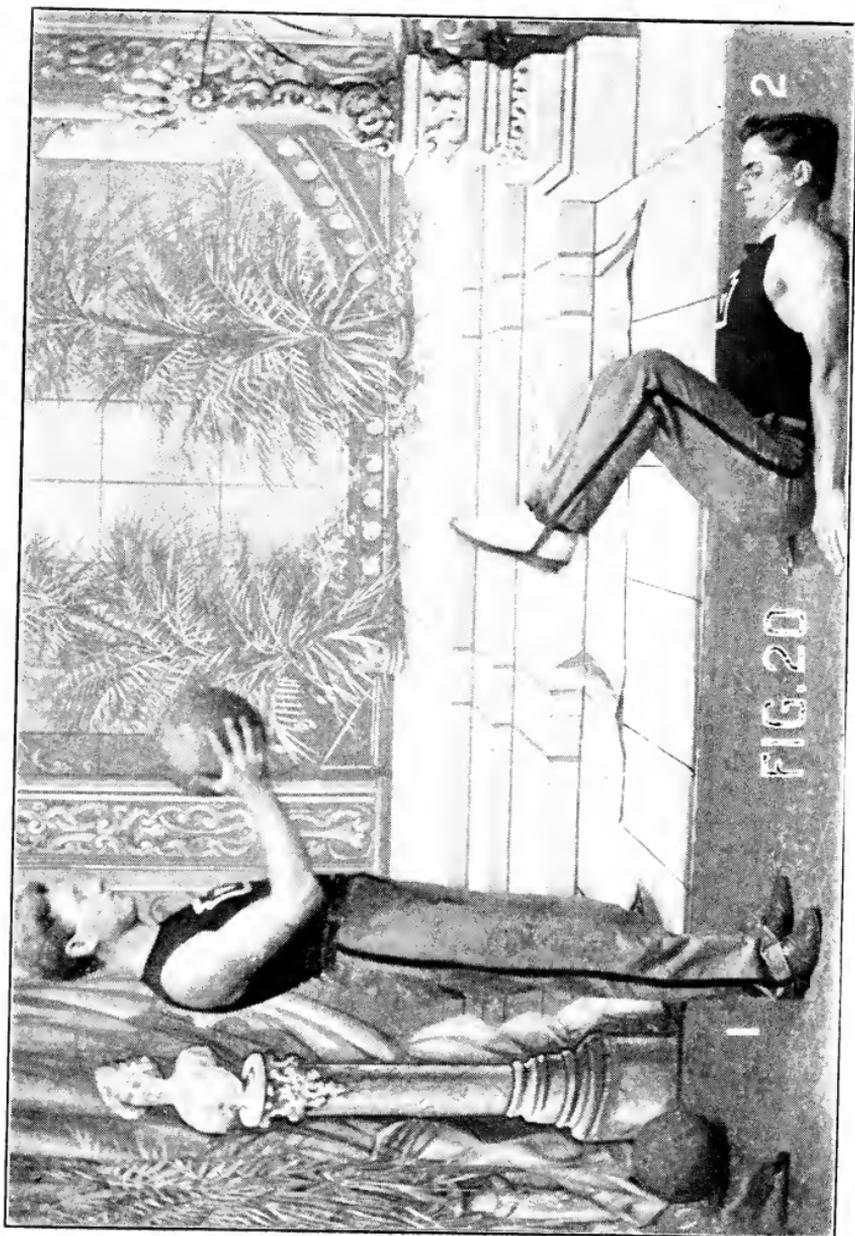

(b) Throw ball from right side to vertical.

Throw ball from left side to vertical.

(c) From behind head push ball to vertical.

(d) Touch floor with ball; pitch it vertical.

Position.—Throw ball as high as possible and catch it as it falls, or have someone catch it.

2

FIG. 20

**FIGURE NO. 20.**

Lie on back, bring knees up to chest, and when ball is tossed to feet, vigorously kick it away; continue till tired.

This exercise is excellent for exciting peristaltic activity of the intestines.

## GAMES.

### *Medicine Ball.*

Form a circle of men, with one man in the center. Object.—The men who compose the circle try to keep the ball from the one in the circle, by different passes, etc.; to make it more exciting, two men may get in the center.

### *Babylonian.*

(From Era; 1893; page 311.)

Played with the big medicine ball. Team composed of eight or twelve men each; eight seems to be the better number. The teams are placed in line sideward, facing each other. The men clasp one another around the waist, and in no case must the hold be broken. At the word "Go," each team rushes toward the center, using the feet only in working the ball toward the center, each team endeavoring to get the ball across the opposite goal. Should a hold be broken, or the men fall down, the whistle is blown, lines formed over again, and the team breaking or fouling loses a point, three fouls making a goal. Best two in three, or three in five, goals constitute the

game. The ends are the men who must do the best work, preventing the ball from going out at the sides, also keeping the lines closed up. If the ball goes out of bounds, it must be placed in the center again; then the game continues. Tripping, breaking hold or unnecessarily rough play constitute fouls, at the discretion of the referee.

Form a circle with men sitting on the floor, different passes, etc., with legs spread apart, to keep from falling backward.

Throw ball with force.

### **MEDICINE BALL PASSING.**

(From Physical Education, Vol. IV., page 90.)

Great sport can be attained by adding several articles, for instance, Basket Ball, Base Ball, Tennis Ball, Indian Club, Dumb Bell, etc., if the class is large. This combination keeps one in a state of excitement, and perhaps, in some instances, too much; but, still, is a very practical game for the gymnasium. A penalty may be attached to the person dropping or failing to pass accurately. It may be to withdraw from the circle after making two or more such errors.

Four men in a circle keep three balls going the same way as fast as possible, then change and pass the balls as fast as possible the other way; then the same four men keep four balls going.

Use Indian Clubs and Bowl, where no bowling alleys are accessible.

### *Passing Ball Between Legs.*

Two or more columns of men, or boys, can play this game. The line of men pass the ball between the legs as quickly as possible. The man in the rear takes the ball and runs front to where the ball started and passes it back between his legs. It is again passed back to the rear. When the person who first took hold of the ball gets to front again the game is won.

## **INDIVIDUAL EXERCISES.**

### *Extend Arms.*

1. Ball on chest, extend arms front.
2. Ball on chest, extend arms right side, left.
3. Ball on chest, extend arms vertical.

### *Circles.*

1. Describe a circle with ball, arms extended from right to left in front of chest.

2. The same from left to right.
3. Describe the figure 8 in front of chest.

*Raise Shoulders.*

1. Arms extended down in front, raise shoulders.
2. Arms extended forward, raise shoulders.

*Raise on Toes.*

1. Raise on toes and extend arms front.
2. Raise on toes and extend arms to right side, left.
3. Raise on toes and extend arms vertical.
4. The above three exercises with raising the toes.

*Squat.*

1. Full squat as the arms are extended front.
2. Full squat as the arms are extended vertical.

*Stoop-Stand.*

1. To stoop-stand position, arms front.
2. To stoop-stand position, arms vertical.
3. From ball held vertical to stoop-stand.

*Flexions—Front.*

- 1.—Bend forward and touch floor with ball.
2. Stride-stand (feet apart about 30 inches) and bend forward, pass ball between legs to the rear as far as possible and touch floor.

3. Ball vertical, bend and touch ball on floor near right foot.
4. Ball vertical, bend and touch ball on floor near left foot; combine both.
5. Ball on chest, touch floor, then chest, extend ball front.
6. Ball on chest, touch floor, then chest, extend ball right side.
7. Ball on chest, touch floor, then chest, extend ball left side.
8. Ball on chest, touch floor, then chest, extend ball vertical.
9. Walk-stand (one foot placed in front of the other about 30 inches), right foot forward, arms vertical, touch floor in front.
10. Left foot forward, arms vertical, touch floor in front; combine.

*Flexions—Arch.*

1. Ball held vertical, arch back.
2. Bend forward, touch floor with ball, arch back.
3. Hold arch-flexion—walk-stand—ball on chest, extend ball front.

Hold arch-flexion—walk-stand—ball on chest, extend ball vertical.

(Right leg rear, then left, on last two exercises.)

*Side Bends.*

1. Ball vertical, bend from side to side.
2. Ball vertical, bend from side to side (stride-stand).
3. Ball vertical, bend from side to right, abduct right leg.
4. Ball vertical, bend from side to left, abduct right leg.

*Rotate.*

1. Ball held front, rotate from left to right.
2. Ball held front, rotate from left to right (stride-stand).

*Miscellaneous.*

1. Bring right knee up to chest, arms extended vertical; left.
2. Extend right leg front, ball to vertical.
3. Extend left leg front, ball to vertical.
4. Hold ball on chest, stationary run, bring knees up to chest.
5. Stationary run, bring heels up in rear, extend ball forward while running.
6. Ball held vertical, jump on toes, leg straight.

7. Ball on chest, jump to stride-stand, arms extended forward.
8. Ball on chest, jump to stride-stand, touch floor with ball while jumping.
9. Ball on chest, bend forward, touch floor, extend right leg to rear, return to forward bend then to normal (four counts) ; same, left leg.
10. Ball on chest, bend forward, touch floor—front leaning-rest—(both legs to rear), back to forward bend, then to starting position (four counts).

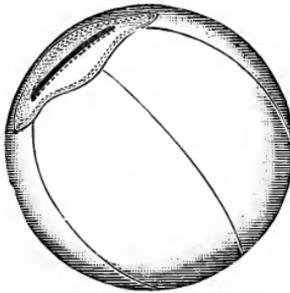

*Stretching Exercises.*

1. Up on toes, arms vertical, hold and stretch for about five seconds ; repeat.
2. Arch back, arms vertical, hold and stretch.
3. Right leg to rear, arms vertical, hold and stretch.
4. Left leg to rear, arms vertical, hold and stretch.
5. Arms vertical, bend to right, abduct left leg, hold and stretch.
6. Arms vertical, bend to left, abduct right leg, hold and stretch.

# Spalding

## Improved Medicine Balls

**W**EIGH from four to nine pounds. The covering is of selected tan leather sewn in the same manner as our foot balls. Quality throughout has been much improved and the balls as now made are extremely durable. The exercise consists of throwing ball to one another, and the catching of it develops the chest, exercises the back, arms, legs; in fact, improves the whole system.

## VOLLEY BALL

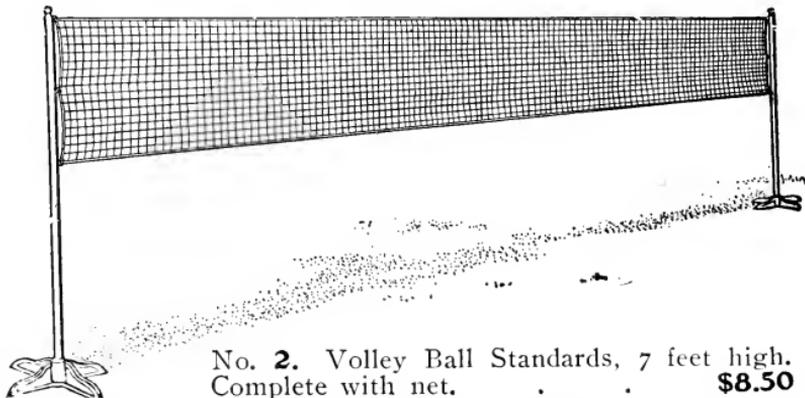

**V**OLLEY BALL is a new game which is pre-eminent fitted for the gymnasium or the exercise hall, but which may be played out of doors. Any number of persons may play the game. The play consists of keeping the ball in motion over a high net, from one side to the other, thus partaking of the character of two games, tennis and hand ball.

Made of white leather. Constructed with capless ends and furnished with pure gum guaranteed bladder.

No. **V.** Regulation size ; best quality. Each, **\$4.00**

No. **W.** Regulation size ; best quality. Each, **2.50**

## Volley Ball Net and Standards

No. **2.** Volley Ball Standards, 7 feet high.  
Complete with net. **\$8.50**

# A SPECIAL AWARD AND A GRAND PRIZE

were won by A. G. SPALDING & BROS. at the Louisiana Purchase Exposition, 1904, for the best, most complete and most attractive installation of Gymnastic Apparatus, Base Ball and Athletic Supplies shown at the World's Fair.

**THE SPALDING "OFFICIAL" BASKET BALL**

*Extract from Official Rule Book*

**RULE II.—BALL**

**SEC. 3.** The ball made by A. G. Spalding & Bros. shall be the official ball.  
**SEC. 4.** The official ball must be used in all match games.

*Extract from Official Rule Book*

**RULE III.—BASKETS.**

**SEC. 4.** The baskets made by A. G. Spalding & Bros. shall be the official baskets.  
**SEC. 5.** The official baskets must be used in all match games.

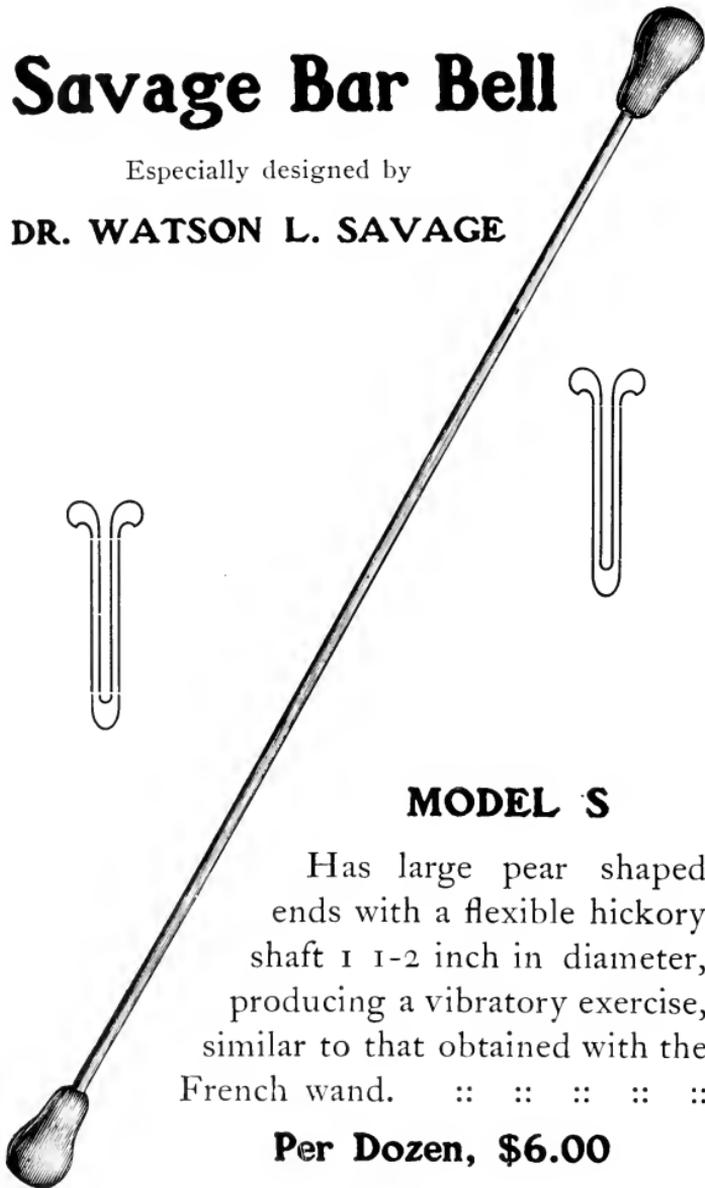

**No. M. "Official" Basket Ball. Each, \$5.00**

# Savage Bar Bell

Especially designed by

**DR. WATSON L. SAVAGE**

## **MODEL S**

Has large pear shaped ends with a flexible hickory shaft 1 1-2 inch in diameter, producing a vibratory exercise, similar to that obtained with the French wand. :: :: :: :: ::

**Per Dozen, \$6.00**

**SPALDING ASH BAR BELLS**

No. 2. Selected material, highly polished, 5 feet long. Per doz., **\$5.00**

**SPALDING SCHOOL WAND**

No. 3. 3 1-2 feet long. Made of straight grain maple. Per doz., **\$1.30**

**SPALDING CALISTHENIC WANDS**

No. 4. 4 1-2 feet long. 1 inch diameter. Per doz., **\$1.60**

## A SPECIAL AWARD AND GRAND PRIZE

were won by A. G. SPALDING & BROS. at the Louisiana Purchase Exposition, 1904, for the best, most complete and most attractive installation of Gymnastic Apparatus, Base Ball and Athletic Supplies shown at the World's Fair.

### Indoor Base Ball Goods

#### Spalding Indoor Base Balls

We cover both the best grade indoor balls, Nos. 1 and 1X, with special oil tanned horsehide which players consider far superior to the ordinary horsehide, both as to wearing qualities and otherwise.

Spalding Official Indoor Base Ball, 17 inches circumference. Made in exact accordance with League regulations and adopted by the National Association of Indoor Base Ball Leagues. Guaranteed to last a game.

**No. 1. Each, \$1.00**

Spalding National Guard Indoor Base Ball is made regularly in three sizes, 12, 14 and 15 inches circumference. It is wound fairly hard with wool yarn and makes an ideal ball for armory games. When ordering be sure to specify size required.

**No. 1X. Each, \$1.00**

Sheepskin cover, otherwise same as No. 1.

**No. 2. Each, 75c.**

Sheepskin cover, otherwise same as No. 1X.

**No. 3. Each, 75c.**

# Athletic Training For Schoolboys

(Spalding's Athletic Library No. 246)

By GEO. W. ORTON

This book is the most complete work of its kind yet attempted. The compiler is Geo. W. Orton, of the University of Pennsylvania, a famous athlete himself and who is well qualified to give instructions to the beginner. Each event in the intercollegiate programme is treated of separately, both in regards to method of training and form. By following the directions given, the young athlete will be sure to benefit himself without the danger of overworking, as many have done through ignorance, rendering themselves unfitted for their task when the day of competition arrived. Illustrated with numerous full page pictures of leading athletes in action.

**PRICE 10 CENTS**

*Spalding's Catalogue of Athletic Sports shows the Official Implements for all Athletic Events. Send Your Name for a Copy.*

# DURAND-STEEL LOCKERS

## Lockers That Last

WOODEN lockers are objectionable because they attract vermin, retain odors and can be easily broken into, and are dangerous on account of fire.

Lockers made from wire mesh or expanded metal afford little security, as they can be easily entered with wire cutters. Clothes placed in them become covered with dust; and the lockers themselves present a poor appearance, resembling animal cages.

## Durand-Steel Lockers

are made of high-grade steel plates, and are finished with gloss-black furnace baked (400°) Japan, comparable to that used on hospital ware, which will never flake off nor require refinishing, as do paints and enamels.

Durand-Steel Lockers are usually built with doors perforated full length in panel design, with sides and backs solid. This prevents clothes in one locker from coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but if the purchaser prefers we perforate the backs also.

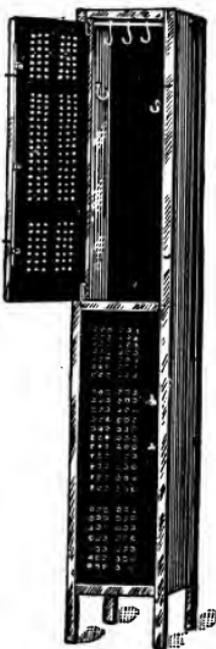

## Durand-Steel Lockers

are usually built with doors perforated full length in panel design, with sides and backs solid. This prevents clothes in one locker from coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but if the purchaser prefers we perforate the backs also.

By Prof. Henry Walter Worth, who was for years physical director of the Armour Institute of Technology. Any boy, by reading this book and following the instructions can become a proficient tumbler. Price 10 cts.

# SPALDING'S ATHLETIC LIBRARY

## No. 104—The Grading of Gymnastic Exercises.

By G. M. Martin, Physical Director of the Y. M. C. A. of Youngstown, Ohio. It is a book that should be in the hands of every physical director of the Y. M. C. A., school, club, college, etc. The contents comprise: The place of the class in physical training; grading of exercises and season schedules—grading of men, grading of exercises, season schedules for various classes, elementary and advanced classes, leaders, optional exercises. Nearly 200 pages. Price 10 cents.

## No. 124—How to Become a Gymnast.

By Robert Stoll, of the New York A. C., the American champion on the flying rings from 1885 to 1892. Any boy who frequents a gymnasium can easily follow the illustrations and instructions in this book and with a little practice become proficient on the horizontal and parallel bars, the trapeze or the "horse." Price 10 cts.

## No. 128—How to Row.

By E. J. Giannini, of the New York A. C., one of America's most famous amateur oarsmen and champions. This book will instruct any one who is a lover of rowing how to become an expert. It is fully illustrated, showing how to hold the oars, the finish of the stroke and other information that will prove valuable to the beginner. Price 10 cents.

## No. 129—Water Polo.

By Gus Sundstrom, instructor at the New York A. C. It treats of every detail, the individual work of the players, the practice of the team, how to throw the ball, with illustrations and many valuable hints. Price 10 cents.

## No. 138—Official Croquet Guide.

Contains directions for playing, diagrams of important strokes, description of grounds, instructions for the beginner, terms used in the game, and the official playing rules. Price 10 cents.

## No. 140—Wrestling.

Catch as catch can style. By E. H. Hitchcock, M.D., of Cornell, and R. F. Nelligan, of Amherst College. The book contains nearly seventy illustrations of the different holds, photographed especially and so described that anybody who desires to become expert in wrestling can with little effort learn every one. Price 10 cents.

## No. 142—Physical Training Simplified.

By Prof. E. B. Warman, the well-known physical culture expert. Is a complete, thorough and practical book where the whole man is considered—brain and body. By following the instructions no apparatus is required. The book is adapted for both sexes. The exercises comprise directions as follows: how to stand; how to sit; how to rest; breathing; exercises for the fingers, wrists, elbows, shoulders, neck, hips, knees, ankles; a word about the muscles; the arms and thighs; shoulders and chest; waist; sides; back and abdomen; bowing; bending; twisting; the liver squeezer, etc., etc. Fully illustrated. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 143—Indian Clubs and Dumb-Bells.

Two of the most popular forms of home or gymnasium exercise. This book is written by America's amateur champion club swinger, J. H. Dougherty. It is clearly illustrated, by which any novice can become an expert. Price 10 cents.

## No. 149—The Care of the Body.

A book that all who value health should read and follow its instructions. By Prof. E. B. Warman, the well-known lecturer and authority on physical culture. The subject is thoroughly treated, as a glance at the following small portion of the contents shows: An all-around athlete; muscular Christianity; eating, diet—various opinions; bill of fare for brain workers; bill of fare for muscle-makers; what to eat and drink; a simple diet; an opinion on brain food; why is food required? drinking water; nutrition—how food nourishes the body; a day's food, how used; constituents of a day's ration—beefsteak, potatoes, bread, butter, water, germs of disease, etc. Price 10 cents.

## No. 154—Field Hockey.

To those in need of vigorous and healthful out-of-doors exercise, this game is recommended highly. Its healthful attributes are manifold and the interest of player and spectator alike is kept active throughout the progress of the game. The game is prominent in the sports at Vassar, Smith, Wellesley, Bryn Mawr and other leading colleges. Price 10 cents.

## No. 156—The Athlete's Guide.

How to become an athlete. It contains full instructions for the beginner, telling how to sprint, hurdle, jump and throw weights, general hints on training; in fact, this book is one of the most complete on the subject that has ever appeared. Special chapters contain valuable advice to beginners and important A. A. U. rules and their explanations, while the pictures comprise many scenes of champions in action. Price 10 cts.

## No. 157—How to Play Tennis.

A complete description of lawn tennis; a lesson for beginners and directions telling how to make the most important strokes; styles and skill of the experts; the American twist service; how to build and keep a court. Illustrated from photographs of leading players in action. Price 10 cents.

## No. 158—Indoor and Outdoor Gymnastic Games.

Without question one of the best books of its kind ever published. Compiled by Prof. A. M. Chesley, the well-known Y. M. C. A. physical director. It is a book that will prove valuable to indoor and outdoor gymnasiums, schools, outings and gatherings where there are a number to be amused. The games described comprise a list of 120, divided into several groups. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 161—Ten Minutes' Exercise for Busy Men.

By Dr. Luther Halsey Gulick, Director of Physical Training in the New York public schools. Anyone who is looking for a concise and complete course of physical education at home would do well to procure a copy of this book. Ten minutes' work as directed is exercise anyone can follow. It already has had a large sale and has been highly recommended by all who have followed its instructions. Nearly 100 pages of illustrations and 100 of text. Price 10 cents.

## No. 162—Boxing Guide.

For many years books have been issued on the art of boxing, but it has remained for us to arrange a book that we think is sure to fill all demands. It contains over 70 pages of illustrations showing all the latest blows, posed especially for this book under the supervision of a well-known instructor of boxing, who makes a specialty of teaching and knows how to impart his knowledge. They are so arranged that anyone can easily become proficient. A partial list of the contents includes: The correct position; clenching the fist; gauging distance; the first principles of hitting; the elements of defence; feinting; knockout blows; chin punch; the blow under the ear; the famous solar plexus knockout; the heart blow; famous blows and their originators; Fitzsimmons' contribution; the McCoy cork-screw; the kidney punch; the liver punch; the science of boxing; proper position of hand and arm; left hook to face; hook to the jaw; how to deliver the solar plexus; correct delivery of a right uppercut; blocking a right swing and sending a right uppercut to chin; blocking a left swing and sending a left uppercut to chin, etc., etc.; hints on training, diet and breathing; how to train; rules for boxing. Price 10 cents.

## No. 165—The Art of Fencing.

This is a new book by Regis and Louis Senac, of New York, famous instructors and leading authorities on the subject. Messrs. Senac give in detail how every move should be made, and tell it so clearly that anyone can follow the instructions. It is illustrated with sixty full-page pictures, posed especially for this book. Price 10 cents.

## No. 166—How to Swing Indian Clubs.

By Prof. E. B. Warman, the well-known exponent of physical culture. By following the directions carefully anyone can become an expert. Price 10 cents.

## No. 167—Quoits.

By M. W. Deshong. The need of a book of this interesting game has been felt by many who wished to know the fine points and tricks used by the experts. Mr. Deshong explains them, with illustrations, so that a novice can readily understand. Price 10 cts.

## No. 170—Push Ball.

Played with an air-inflated ball 6 feet in diameter. Weighing about 50 pounds. A side consists of eleven men. This book contains the official rules and a sketch of the game; illustrated. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 174—Distance and Cross-Country Running.

By George Orton, the famous University of Pennsylvania runner. Tells how to become proficient at the quarter, half, mile, the longer distances, and cross-country running and steeplechasing, with instructions for training and schedules to be observed when preparing for a contest. Illustrated with numerous pictures of leading athletes in action, with comments by the editor on the good and bad points shown. Price 10 cents.

## No. 177—How to Swim.

By J. H. Sterrett, the leading authority on swimming in America. The instructions will interest the expert as well as the novice; the illustrations were made from photographs especially posed, showing the swimmer in clear water; a valuable feature is the series of "land drill" exercises for the beginner, which is illustrated by many drawings. The contents comprise: A plea for education in swimming; swimming as an exercise and for development; land drill exercises; plain swimming; best methods of learning; the breast stroke; breathing; under-arm side stroke; scientific strokes—over-arm side stroke; double over-arm or "trudgeon" stroke; touching and turning; training for racing; ornamental swimming; floating; diving; running header; back dive; diving feet foremost; the propeller; marching on the water; swimming on the back. Price 10 cents.

## No. 178—How to Train for Bicycling.

Gives methods of the best riders when training for long or short distance races; hints on training. Revised and up-to-date in every particular. Price 10 cts.

## No. 180—Ring Hockey.

A new game for the gymnasium, invented by Dr. J. M. Vorhees of Pratt Institute, Brooklyn, that has sprung into instant popularity; as exciting as basket ball. This book contains official rules. Price 10 cents.

## No. 182—All-Around Athletics.

Gives in full the method of scoring the All-Around championship, giving percentage tables showing what each man receives for each performance in each of the ten events. It contains as well instructive articles on how to train for the All-Around Championship. Illustrated with many pictures of champions in action and scores at all-around meets. Price 10 cents.

## No. 185—Health Hints.

A series of articles by Prof. E. B. Warman, the well-known lecturer and authority on physical culture. Prof. Warman treats very interestingly of health influenced by insulation; health influenced by underwear; health influenced by color; exercise, who needs it? Price 10 cents.

## No. 264—Roller Polo Guide.

Edited by J. C. Morse. A full description of the game; official rules, pictures of teams; other articles of interest. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 188—Lawn Hockey, Tether Tennis, Golf Croquet, Volley Ball, Hand Tennis, Garden Hockey, Parlor Hockey, Badminton.

Containing the rules for each game. Illustrated. Price 10 cents.

## No. 189—Rules for Games.

Compiled by Jessie H. Bancroft, director of physical training, department of education, New York City. These games are intended for use at recesses, and all but the team games have been adapted to large classes. Suitable for children from three to eight years, and include a great variety. Price 10 cents.

## No. 191—How to Punch the Bag.

By W. H. Rothwell ("Young Corbett"). This book is undoubtedly the best treatise on bag punching that has ever been printed. Every variety of blow used in training is shown and explained. The pictures comprise thirty-three full-page reproductions of Young Corbett as he appears while at work in his training quarters. The photographs were taken by our special artist and cannot be seen in any other publication. Fancy bag punching is treated by a well-known theatrical bag puncher, who shows the latest tricks. Price 10 cents.

## No. 193—How to Play Basket Ball.

By G. T. Hepbron, editor of the Official Basket Ball Guide. Contains full instructions for players, both for the expert and the novice, duties of officials, and specially posed full-page pictures showing the correct and incorrect methods of playing. The demand for a book of this character is fully satisfied in this publication, as many points are included which could not be incorporated in the annual publication of the Basket Ball Guide for want of room. Price 10 cents.

## No. 194—Racquets, Squash-Racquets and Court Tennis.

The need of an authoritative handbook at a popular price on these games is filled by this book. How to play each game is thoroughly explained, and all the difficult strokes shown by special photographs taken especially for this book. Contains the official rules for each game, with photographs of well-known courts. Price 10 cents.

## No. 195—Official Roque Guide.

The official publication of the National Roque Association of America. Edited by Prof. Charles Jacobus, ex-champion. Contains a description of the court and their construction, diagrams of the field, illustrations, rules and valuable information. Price 10 cents.

## No. 199—Equestrian Polo Guide.

Compiled by H. L. FitzPatrick of the New York Sun. Illustrated with portraits of leading players and contains most useful information for polo players. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 200—Dumb-Bells.

This is undoubtedly the best book on dumb-bells that has ever been offered. The author, Mr. G. Bojus, was formerly superintendent of physical culture in the Elizabeth (N. J.) public schools, instructor at Columbia University (New York), instructor for four years at the Columbia summer school and is now proprietor of the Park Place Gymnasium, at 14 Park Place, New York City. The book contains 200 photographs in large, the various exercises with the instructions in large, readable type. It should be in the hands of every teacher and pupil of physical culture, and is invaluable for home exercise as well. Price 10 cents.

## No. 201—Lacrosse.

By William C. Schmeisser, captain Johns Hopkins University, champion intercollegiate lacrosse team of 1902; edited by Ronald T. Abercrombie, ex-captain and coach of Johns Hopkins University lacrosse team, 1900-1904. Every position is thoroughly explained in a most simple and concise manner, rendering it the best manual of the game ever published. Illustrated with numerous snapshots of important plays. Price 10 cts.

## No. 202—How to Play Base Ball.

Edited by T. H. Murnane. New and revised edition. Contents: How to become a batter, by Napoleon Lajoie, James Collins, Hugh Jennings and Jesse Tannehill; how to run the bases, by Jack Doyle and Frank L. Chance, advice to base runners, by James E. Sullivan, Sec.-Treas. A.A.U.; how to become a good pitcher, by Cy Young, "Rube" Waddell and Bert Cunningham; on curve pitching, by Cy Young, James J. Callahan, Frank Donahue, Vic Willis, William Dineen and Charley Nichols; how to become a good catcher, by Eddie Phelps, William Sullivan and M. J. Kittridge; how to play first base, by Hugh Jennings; how to play second base; by Napoleon Lajoie and William Gleason; how to play third base, by James Collins and Lave Cross; how to play shortstop, by Herman Long; how to play the infield, by Charles A. Comiskey; how to play the outfield, by Fred Clarke; the earmarks of a ball player, by John J. McGraw; good advice for players; how to organize a team; how to manage a team; how to score a game; how to umpire a game; base ball rules interpreted for boys. Price 10 cents.

## No. 207—Bowling on the Green; or, Lawn Bowls.

How to construct a green; necessary equipment; how to play the game, and the official rules as promulgated by the Scottish Bowling Association. Edited by Mr. James W. Greig. Illustrated. Price 10 cents.

## No. 208—Physical Education and Hygiene.

This is the fifth of the Physical Training series, by Prof. E. B. Warman (see Nos. 142, 149, 166, 185, 213, 261). A glance at the contents will show the variety of subjects: Chapter I—Basic principles; longevity. Chapter II—Hints on eating; food values; the uses of salt. Chapter III—Medicinal value of certain foods. Chapter IV—The efficacy of sugar; sugar, food for muscular work; eating for strength and endurance; fish

# SPALDING'S ATHLETIC LIBRARY

as brain food; food for the children. Chapter V—Digestibility; bread; appendicitis due to flour. Chapter VI—Hints on drinking—water, milk, buttermilk, tea, coffee; how to remain young. Chapter VII—Hints on bathing; cold, hot, warm, tepid, salt, sun, air, Russian, Turkish, cabinet. Chapter VIII—Hints on breathing; breathlessness, heart strain, second wind, yawning, the art of yogi. Price 10 cents.

## No. 209—How to Become a Skater.

Contains advice for beginners; how to become a figure skater thoroughly explained, with many diagrams showing how to do all the different tricks of the best figure skaters, including the Mohawk, with all its variations; Q's, forward and backward, inside and outside; the crosscuts, including the difficult Swedish style; inside and outside spins; the grapevine, with its numerous branches, and many other styles, which will be comparatively simple to any one who follows the directions given. Profusely illustrated with pictures of prominent skaters and numerous diagrams. Price 10 cents.

## No. 213—285 Health Answers.

Contents: Necessity for exercise in the summer; three rules for bicycling; when going up-hill; sitting out on summer nights; ventilating a bedroom; ventilating a house; how to obtain pure air; bathing; salt water baths at home; a substitute for ice water; drinking ice water; to cure insomnia; asleep in two minutes; for those who ride wheels; summer outdoor exercise; profuse perspiration; danger of checking perspiration; dress, hot weather, etc., etc. Price 10 cents.

## No. 214—Graded Calisthenics and Dumb-Bell Drills.

By Albert B. Wegener, Physical Director Y.M.C.A., Rochester, N. Y. Ever since graded apparatus work has been used in gymnastics, the necessity of having a mass drill that would harmonize with it has been felt. For years it has been the established custom in most gymnasiums of memorizing a set drill, never varied from one year's end to the other. Consequently the beginner was given the same kind and amount as the older member. With a view to giving uniformity the present treatise is attempted. Price 10 cts.

## No. 217—Olympic Handbook.

Compiled by J. E. Sullivan, Chief Department Physical Culture, Louisiana Purchase Exposition, and Director Olympic Games, 1904. Contains a complete report of the Olympic Games of 1904, with list of records and pictures of hundreds of athletes; also reports of the games of 1896 and 1900. Price 10 cents.

## No. 218—Ice Hockey and Ice Polo.

Written by the most famous player in Canada, A. Farrell, of the Shamrock hockey team of Montreal. It contains a complete description of the game, its origin, points of a good player, and an instructive article on how game is played, with diagrams and official rules. Illustrated with pictures of leading teams. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 233—Jiu Jitsu.

A complete description of this famous Japanese system of self-defence. Each move thoroughly explained and illustrated with numerous full-page pictures of Messrs. A. Minami and K. Koyama, two of the most famous exponents of the art of Jiu Jitsu, who posed especially for this book. Be sure and ask for the Spalding Athletic Library book on Jiu Jitsu. Price 10 cents.

## No. 234—School Tactics and Maze Running.

A series of drills for the use of schools. Edited by Dr. Luther Halsey Gulick, Director of Physical Training in the New York public schools. Price 10 cents.

## No. 236—How to Wrestle.

Without question the most complete and up-to-date book on wrestling that has ever been printed. Edited by F. R. Toombs, and devoted principally to special poses and illustrations by Georges Hackenschmidt, the "Russian Lion." It shows the champion in many poses, and also contains a special article on "Training," in which he gives good advice to beginners. The book also contains in addition many full pages of poses by Tom Jenkins and other famous wrestlers. Besides showing accurately how to secure each hold and fall, the book also contains official rules for all styles of wrestling. Be sure to ask for the Spalding Athletic Library book "How to Wrestle." Price 10 cents.

## No. 237—Association Foot Ball.

A complete and up-to-date guide to the "Socker" game in the United States, containing instructions for playing the game, official rules, and interesting news from all parts of the country. Illustrated with numerous pictures of leading teams. Price 10 cents.

## No. 238—Muscle Building.

By Dr. L. H. Gulick, Director of Physical Training in the New York public schools. A complete treatise on the correct method of acquiring muscular strength. Illustrated with numerous full-page engravings. Price 10 cents.

## No. 239—Official Intercollegiate A.A.A. Handbook.

Contains constitution, by-laws, laws of athletics and rules to govern the awarding of the championship cup of the Intercollegiate Athletic Association of Amateur Athletes of America, the governing body in college athletics. Contains official intercollegiate records from 1876 to 1905, with the winner's name and time in each event, list of points won by each college, and list of officers of the association from 1889 to 1905, inclusive. Price 10 cents.

## No. 240—Spalding's Official Foot Ball Guide.

Edited by Walter Camp. Contains the new rules, with diagram of field; All-America teams as selected by leading authorities; reviews of the game from various sections of the country; 1905 scores of all the leading teams; records of, etc., and is an encyclopedia in itself. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 241—Official Handbook of the A.A.U. of the United States.

The A.A.U. is the governing body of athletes in the United States of America, and all games must be held under its rules, which are exclusively published in this handbook, and a copy should be in the hands of every athlete and every club officer in America. This book contains the official rules for running, jumping, weight throwing, hurling, pole vaulting, swimming, boxing, wrestling, etc., and is an encyclopedia in itself. Price 10 cents.

## No. 242—How to Play Foot Ball.

Edited by Walter Camp. The contents embrace everything that a beginner wants to know and many points that an expert will be glad to learn. The pictures are made from snapshots of leading teams and players in action, with comments by Walter Camp. Price 10 cents.

## No. 243—Official Basket Ball Guide.

Edited by George T. Hepbron. Contains the revised official rules, decisions on disputed points, records of prominent teams, reports on the game from various parts of the country, and pictures of hundreds of players. Price 10 cents.

## No. 244—Golf Guide.

Edited by Charles S. Cox. Contains records of the important American golf events since their institution, short accounts of the state of the game in various parts of America, portraits of prominent players, and revised rules of the game. Price 10 cents.

## No. 245—Official Y.M.C.A. Hand-Book

Edited by G. T. Hepbron, the well-known athletic authority. It contains the official rules governing all sports under the jurisdiction of the Y.M.C.A., a complete report of the physical directors' conference, official Y.M.C.A. scoring tables, pentathlon rules, many pictures of the leading Y.M.C.A. athletes of the country, official Y.M.C.A. athletic rules, constitution and by-laws of the Athletic League of Y.M.C.A., all-around indoor test, volley ball rules; illustrated. Price 10 cts.

## No 246—Athletic Training for Schoolboys.

This book is the most complete work of its kind yet attempted. The compiler is Geo. W. Orton, of the University of Pennsylvania, a famous athlete himself and who is well qualified to give instructions to the beginner. Each event in the intercollegiate programme is treated of separately, both in regards to methods of training and form. By following the directions given, the young athlete will be sure to benefit himself without the danger of overworking as many have done through ignorance, rendering themselves unfitted for their task when the day of competition arrived. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 247—Collegiate Basket Ball Guide.

The official publication of the new Collegiate Basket Ball Organization. Contains the official rules, collegiate and high school records, all America selections, reviews of the collegiate basket ball season of 1904-5, and pictures of all the prominent college teams and individual players. Edited by Harry A. Fisher of Columbia. Price 10 cents.

## No. 248—Archery.

A new and up-to-date book on this fascinating pastime. Edited by Mr. Louis Maxson of Washington, D. C., ex-National champion. Contains a history of archery from its revival as a pastime in the eighteenth century, to the present time, with list of winners and scores of the English Grand championships from 1844; National Archery Association of the United States, winners and scores; the several varieties of archery; instructions for shooting; how to select implements; how to score; and a great deal of interesting information on the game. Illustrated. Price 10 cents.

## No. 249—How to Become a Bowler.

By S. Karpf, Secretary of the American Bowling Congress, and one of the best posted men on bowling in America. Contents: History of the sport; diagrams of effective deliveries; how to bowl; a few hints to beginners; American Bowling Congress; the national championships; how to build an alley; how to score; spares—how they are made. Rules for cocked hat, cocked hat and feather, quintet, battle game, nine up and nine down, head pin and four back, ten pins—head pin out, five back, the Newport game, ten pin head, pin game, duckpin game, head pin game, New England candle pin game. Illustrated with portraits of all the prominent bowlers. Price 10 cents.

## No. 250—Official Athletic Almanac.

Compiled by J. E. Sullivan, Chief Department Physical Culture, Louisiana Purchase Exposition, and Director Olympic Games, 1904. The only annual publication now issued that contains a complete list of amateur best-on-records; complete intercollegiate records; complete English records from 1866; swimming records; interscholastic records; Irish, Scotch and Australasian records; reports of leading athletic meets; skating records; important athletic events and numerous photos of individual athletes and leading athletic teams. Price 10 cents.

## No. 251—Canadian Foot Ball Guide.

Edited by Frank D. Woodworth, Secretary-Treasurer Ontario Rugby Foot Ball Union. The official book of the game in Canada. Price 10 cents.

## No. 252—How to Sprint.

A complete and detailed account of how to train for the short distances. Every athlete who aspires to be a sprinter can study this book to advantage and gain a great deal of useful knowledge. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 253—Official Handbook of the Public Schools Athletic League.

This is the official handbook of the Public Schools Athletic League, which embraces all the public schools of Greater New York. It contains the official rules that govern all the contests of the league, and constitution, by-laws and officers. Edited by Dr. Luther Halsey Gulick, superintendent of physical education in the New York public schools. Illustrated. Price 10 cents.

## No. 254—Barnjum Bar Bell Drill.

Edited by Dr. R. Tait McKenzie, Director Physical Training, University of Pennsylvania. Profusely illustrated. Price 10 cents. (Ready in May.)

## No. 255—How to Run 100 Yards.

By J. W. Morton, the noted British champion. Written by Mr. Morton during his recent American trip, in 1905, especially for boys. Mr. Morton knows how to handle his subject, and his advice and directions for attaining speed, will undoubtedly be of immense assistance to the great majority of boys who have to rely on printed instructions. Many of Mr. Morton's methods of training are novel to American athletes, but his success is the best tribute to their worth. Illustrated with photographs of Mr. Morton in action, taken especially for this book, in New York City. Price 10 cts.

## No. 256—Official Handbook of the Ontario Hockey Association.

Edited by W. A. Hewitt, of Toronto. Contains the official rules of the Association, constitution, rules of competition, list of officers and pictures of leading players. Price 10 cents.

## No. 258—Indoor Base Ball.

America's national game is now vying with other indoor games as a winter pastime. This book contains the playing rules, pictures of leading teams, and interesting articles on the game. Price 10 cents.

## No. 259—Weight Throwing.

By James S. Mitchel, Champion American weight thrower, and holder of American, Irish, British and Canadian championships. Probably no other man in the world has had the varied and long experience of James S. Mitchel in the weight throwing department of athletics. The book is written in an instructive way, and gives valuable information, not only for the novice, but for the expert as well. It is replete with lifelike illustrations of Champion John Flanagan throwing the hammer, Dennis Horgan, British and Irish champion shot putter, and others. Price 10 cents.

## No. 260—Official Basket Ball Guide for Women.

Edited by Miss Senda Berenson of Smith College. Contains the official rules of the game as revised by the Executive Committee, October, 1905, and articles on the following subjects: Games for women, by E.

# SPALDING'S ATHLETIC LIBRARY

Hitchcock, Director of Physical Training, and Dean of College, Amherst College; condition of women's basket ball in the Middle West, by W. P. Bowen, Michigan State Normal College; a few suggestions about the actual playing of basket ball, by Agnes C. Childs, A.M., Smith College; psychological effects of basket ball for women, by Dr. L. H. Gulick, superintendent of physical training in the schools of Greater New York; physiological effects of basket ball, by Theodore Hough, Ph.D.; significance of basket ball for women, by Senda Berenson; relative merit of the Y.M.C.A. rules and women's rules, by Augusta Lane Patrick, director of physical training, Montclair (N. J.) High School; A Plea for Basket Ball, by Julie Ellsbee Sullivan, Teachers' College, New York; diagram of field. Illustrated with many pictures of basket ball teams. Price 10 cents.

## No. 261—Tensing Exercises.

By Prof. E. B. Warman, and uniform with his previous numbers on Scientific Physical Training (see Spalding's Athletic Library Nos. 142, 149, 166, 185, 208, 213). The "Tensing" or "Resisting" system of muscular exercises is the most thorough, the most complete, the most satisfactory and the most fascinating of systems. Only forty minutes are required to take all the exercises. The illustrations comprise nearly 70 photographs. Price 10 cents.

## No. 262—Medicine Ball.

This book is not a technical treatise, but a series of plain and practical exercises with the medicine ball, suitable for boys and girls, business and professional men, in and out of gymnasiums. Lengthy explanation and technical nomenclature have been avoided and illustrations used instead. The exercises are fascinating and attractive, and avoid any semblance of drudgery. Edited by W. J. Cromie, physical director Germantown (Pa.) Y.M.C.A. Price 10 cents.

## No. 265—Spalding's Lawn Tennis Annual.

Edited by H. P. Burchell of the New York Times. Contents include a report of every important tournament played in 1905, embracing the National Championship, sectional and State tournaments; invitation and open tournaments; intercollegiate and interscholastic championships; women's national championships; Canadian and foreign championships; indoor championships; official ranking for each year from 1885 to 1905; laws of lawn tennis; instructions for handicapping; decisions on doubtful points; regulations for the management of tournaments. Price 10 cents.

## No. 266—Spalding's Official Cricket Guide.

Edited by Jerome Flannery. The most complete year book of the game that has ever been published in America. It contains all the records of the previous year, reports of special matches, official rules and pictures of all the leading teams and individual players. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## An Encyclopedia of Base Ball

Attention is called to the numbers of Spalding's Athletic Library on this and opposite page, embracing the greatest collection of books of instruction for playing the various positions in the game ever published. These books are entirely new and up-to-date, and contain the latest methods of play. Each number is complete in itself and is profusely illustrated. Be sure and ask for Spalding's Athletic Library. Price 10 cents for each book. For detailed descriptions see following numbers:

### No. 257—Spalding's Official Base Ball Guide.

The leading base ball annual of the country, and the official authority of the game. Edited by Henry Chadwick, the "Father of Base Ball." Contains the official playing rules, pictures of all the teams in the National, American and minor leagues; official averages; reviews of the season in all the professional organizations; college base ball; early history of the game, and a great deal of information. Price 10 cents.

### No. 219—Ready Reckoner of Base Ball Percentages.

To supply a demand for a book which would show the percentage of clubs without recourse to the arduous work of figuring, the publishers have had Mr. J. B. Foster, Sporting Editor of the New York Evening Telegram, compile a book which answers every requirement, and which has met with the greatest praise for its accuracy and simplicity. No follower of the game can afford to be without it. Price 10 cents.

### No. 223—How to Bat.

The most important part of ball playing nowadays, outside of pitching, is batting. The team that can bat and has some good pitchers can win base ball games; therefore, every boy and young man who has, of course, already learned to catch, should turn his attention to this department of the game, and there is no better way of becoming proficient than by reading this book and then constantly practising the little tricks explained therein. Price 10 cents.

### No. 224—How to Play the Outfield.

Compiled especially for the young player who would become an expert. The best book on playing the outfield that has ever been published. There are just as many tricks to be learned, before a player can be a competent fielder, as there are in any other position on a nine, and this book explains them all. Illustrated with numerous page pictures of leading outfielders. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

## No. 225—How to Play First Base.

No other position in a ball team has shown such a change for the better in recent years as first base. Modifications in line with the betterment of the sport in every department has been made at intervals, but in no other department have they been so radical. No boy who plays the initial sack can afford to overlook the points and hints contained in this book. Entirely new and up-to-date. Illustrated with full-page pictures of all the prominent first basemen. Price 10 cents.

## No. 226—How to Play Second Base.

There are so few men who can play second base to perfection that their names can easily be called off by anyone who follows the game of base ball. Team owners who possess such players would not part with them for thousands of dollars. These men have been interviewed and their ideas incorporated in this book for the especial benefit of boys who want to know the fine points of play at this point of the diamond. Illustrated with full-page pictures. Price 10 cents.

## No. 227—How to Play Third Base.

Third base is, in some respects, the most important of the infield. No major league team has ever won a pennant without a great third baseman. Collins of the Boston Americans and Leach of Pittsburg are two of the greatest third basemen the game has ever seen, and their teams owe much of the credit for pennants they have won to them. These men in this book describe just how they play the position. Everything a player should know is clearly set forth and any boy will surely increase his chances of success by a careful reading of this book. Illustrated. Price 10 cents.

## No. 228—How to Play Shortstop.

Shortstop is one of the hardest positions on the infield to fill, and quick thought and quick action are necessary for a player who expects to make good as a shortstop. The views of every well-known player who covers this position have been sought in compiling this book, and it is offered as being the most complete book of its class ever produced. Illustrated. Price 10 cents.

## No. 229—How to Catch.

Undoubtedly the best book on catching that has yet been published. Every boy who has hopes of being a clever catcher should read how well-known players cover their position. Among the more noted ones who describe their methods of play in this book are Lou Criger of the Boston Americans and Johnnie Kling of the Chicago Nationals. The numerous pictures comprise all the noted catchers in the big leagues. Price 10 cents.

## SPALDING'S ATHLETIC LIBRARY

### No. 230—How to Pitch.

A new, up-to-date book. No boy can afford to be without a copy of it. Edited by John B. Foster of the Evening Telegram (New York). The object of this book is to aid the beginners who aspire to become clever twirlers, and its contents are the practical teaching of men who have reached the top as pitchers, and who have had experience. Price 10 cents.

### No. 231—How to Coach; How to Captain a Team; How to Manage a Team; How to Umpire; How to Organize a League.

A useful guide to all who are interested in the above subjects. Jimmy Collins, manager-captain of the Boston Americans, writes on coaching; M. J. Kelly of the St. Paul champions, on captaining; Al Buckenberger of the Rochester team, on managing; Frank Dwyer on the American League staff, on umpiring; Fred Lake on minor leagues, and the editor, T. H. Murnane, President of the New England League, on how to organize a league. Price 10 cents.

### No. 232—How to Run the Bases.

The importance of base running as a scientific feature of the national game is becoming more and more recognized each year. Besides being spectacular, feats of base stealing nearly always figure in the winning of a game. Many a close contest is decided on the winning of that little strip of 90 feet which lies between cushions. When hits are few and the enemy's pitchers steady, it becomes incumbent on the opposing team to get around the bases in some manner. Effective stealing not only increases the effectiveness of the team by advancing its runners without wasting hits, but it serves to materially disconcert the enemy and frequently has caused an entire opposing club to temporarily lose its poise and throw away the game. This book gives clear and concise directions for excelling as a base runner; tells when to run and when not to do so; how and when to slide; team work on the bases; in fact, every point of the game is thoroughly explained. Illustrated with pictures of leading players. Price 10 cents.

Newsdealers and Department Stores.

**A. G. SPALDING & BROS.**

Won a **Special Award**  
and a **Grand Prize**

for their Gymnasium Equipment at the World's Fair. The hundreds of Gymnasts who competed in the different events in the Stadium during the year proclaimed the apparatus made by A. G. Spalding & Bros. the best that they had ever worked on, and the team of German Turners that came to America especially to compete in the International Championships at St. Louis on July 1 and 2, 1904, requested that they be permitted to use the apparatus of the

**Spalding Gymnasium Exhibit**

in the Gymnastic Tournament, and at the conclusion of the two-day meeting, voluntarily forwarded to A. G. SPALDING & BROS. a testimonial highly complimenting the firm on the manufacture of their Gymnastic Apparatus. The same request was made by the Young Men's Christian Association of America, and the apparatus was used by them for the Championships with best results. In the International A.A.U. Championships A. G. Spalding & Bros.' apparatus was likewise used, and the Chairman of the Committee declared the apparatus to be the best ever used in connection with a championship meeting.
